Foreword

If you could increase the love, financial, and sexual potency in your life, would you do it?
If you could increase your I.Q. or retard your aging process, would you do it?
If you could better your mind and body, gain the ability to solve any and every problem, and improve your relationship with family, children, spouses, and friends, would you do it?
If you could learn how to function outside of your body and mind, and

get things done better than before, would you ‘will’ it?

If you answered “Yes” to one or more of the questions above, then this book was made for you.

Welcome to METAPSYCHICS: Advanced Science of Mind.

The Adventure of an Eternity.

METAPSYCHICS is a new science under the sun.

It will solve problems and bad situations in your life that you once may have thought were impossible to solve before.

METAPSYCHICS is dedicated to discovering your TRUE SELF and

what your TRUE SELF can do in the PSI, Psychic, and Physical Worlds.
METAPSYCHICS gives you The Truth you don't have to believe...for you will KNOW THAT YOU KNOW!
METAPSYCHICS is the PSI and Psychic Technology that makes the impossible, possible with tangible results in the Psychic and Physical worlds.
IT works if you work IT!
IT works when you work IT!
Any success that you have in your life is due to
WHAT YOU KNOW,

UNDERSTAND, AND CAN USE AS TRANSFORMING ENERGY IN THE PSYCHIC AND PHYSICAL WORLDS.

Knowledge is only power, when it can be applied to the psychic and physical worlds.

Knowledge is the only Key to true happiness and survival. It is true.

"KNOWLEDGE IS STILL POWER!".

But it is only Power if you can *use* it.

"THE MORE YOU KNOW, THE MORE YOU GROW".

And, knowledge can only benefit you if it is grounded in Truth and not

falsehood.

To the point your 'viewpoint' is based on actual knowledge and not superstition or science fiction, the more you can be certain about who you are and what you can do. What is around you and what is not around you. What is important to you and what is not important.

And you can learn how to function as a Spiritual Being {SP} with Divine or God-like qualities.

To the degree you agree with METAPSYCHICS, the more harmony and freedom you will have, and certainty of who and what you

are, and what you can really do.
METAPSYCHICS is a science of happiness and certainty.
METAPSYCHICS gives you the basic building blocks of Life and how the Spiritual Being {SP} manipulates Space and Time, Energy, Matter, and mind, {STEMm}, to bring about complete universes of his or her own making {creation}.
Here are some of the qualities, abilities, and truths you will learn how to apply and do in METAPSYCHICS:
1. Increase your I.Q.
2. Increase your vitality and vigor.

3. Increased your spiritual and sexual potency.

4. Increased your efficiently and self-respect.

5. Increased your self-worth.

6. Increased your knowledge of your True Self.

7. Increased your Affinity towards self and others.

8. Improved your relationship with yourself and others.

9. Communicate your ideas and thoughts more clearly.

10. Boldness to speak your mind and be yourself.

11. The Power to create anything,

anywhere, at anytime.

12. Perfect Union between your soul and the Soul of God or MasterMind. For Atheists and Agnostic this would be your Inner Source of All things in existence.

Discover the real reason and why of your birth, why you are here on earth, and why you suffer and die a physical and even psychic death to once more, live again.

Discover how to improve your marriage and any personal relationships on the skids and manage a family unit better.

Increased your ability to solve and

resolve massive and simple problems with ease.
Increased control of ‘yourself’ and ‘others.’
Activate your Psychic Powers {ESP} they cannot show you on TV, or print in any other book.
Develop the Power to do the possible and seemly impossible.
Differentiate with laser precision accurately body language, and mental concepts.
Discover your Power to create, recreate, and un-create all psychic and physical forces and forms, seen and unseen.

Become First Cause over all causes and effects in your life and the physical universe.
Transform your life and your world into the way you like and maintain it as you like.
Learn how to use The Superior Energy to get you anything you want in life or its' equivalent.
And this is just the beginning!
You will learn to feel bliss that comes from having a clear consciousness and body, and your perception, hearing, and speaking will take on a new, better dimension of subtler energies that approaches a Perfect

Static and ‘perfected’ way of beingness.
In short, you will become more CAUSE over Space, Time, Energy, and Matter: {STEM}. {The Symbol for the Physical Universe}.
And you will be the complete Master over your own body, and other bodies, which is the physical universe PLUS a mind, or {STEMm}.
{STEM} is the acronym for the Physical Universe.
{STEMm} is the Universe for the Physical Body.
{STEMM} would be the Universe of the other person’s physical body.

METAPSYCHICS is not about dead letters in a book, but knowledge you can KNOW, UNDERSTAND, and USE, or {KUU}.
{The Learning and Production Platform for MetaPsychics.}
It is the hope and scope of METAPSYCHICS: Advance Science of Mind to remedy the USING of the Spiritual Being {SP} and therefore create a better world that our children can play everywhere, and adults can live happy and productive lives without pain, crime, and insanity.

WELCOME TO METAPSYCHICS:

METAPSYCHICS IS A SCIENCE HELPING PEOPLE TO HELP THEMSELVES SO THEY ARE CAPABLE OF HELPING THEMSELVES AND HELPING OTHERS AT WILL.

“HELPING OTHERS, HELP THEMSELVES.”
“BY HELPING YOURSELF, YOU HELP THE WORLD.”
“USING YOUR UNLIMITED MIND TO OVERCOME THE PROBLEMS OF THE LIMITED MIND.”

The whole of METAPSYCHICS can be summed up in the following

AXIOM:

“MAN IS AN ETERNAL BEING WITH AN INFINITE MIND, IN A FINITE BODY AND WORLD.”

The NUANCES of METAPSYCHICS

METAPSYCHICS could only come about because of new discoveries in the Science and Spiritual Knowledge since the 1950's.

Because of this we divide the Time Fraction into the ANCIENT WORLD before 1950 and the MODERN WORLD after 1950.

There are events and knowledge of the ANCIENT WORLD that has become outdated in the MODERN WORLD.

METAPSYCHICS MOVES

FORWARD TO GOD NOT BACK TO THE GODHEAD!

We approach the GODHEAD with dignity and strength!

WE MOVE FORWARD TO THE GODHEAD.

Since God is ETERNAL it doesn't matter if you go back or move forward to the GODHEAD, it is all the same and ends in the same PSI PLACE.

GOD IS ALWAYS IN OUR FUTURE.

Here are some of the new discoveries

of METAPSYCHICS. It would take another
Volume of books to explain this new data alone so we let you know any of these FACTS can be verified with a little research on your part.
Man is a Spiritual Being {SP}.
Man is NOT born a sinner.
Man is born with a 'clean slate'.
Man did NOT evolve from apes.
Man is NOT separate from God, The Eternal.
Man's Second Dynamic is to Create, not just Pro-create.
SPIRIT is NOT Non-Physical.
The E>I>F Life Formula.

The non-physical and non-existence

Does NOT excuse.

The Unknown God Revealed.

The PSI BEING.

Transcendental Technology.

{P. E. T.} vs. {N. E. T.}.

PSYCHIC-CLEARING.

THE MASTERMIND.

The MetaPsychics Transcendental Triangle.

Man Cannot Improve His Soul Only His Mind, Body, and Environment.

A PSI BEING can get no better, He can only

MAKE THINGS BETTER.

NON-EXISTING AND DEATH

ARE ILLUSIONS. YOU ARE AN ILLUSION!

The PSI BEING is simultaneously God, the Eternal and man the finite at once.

The PSI BEING is therefore a PERFECT, PRISTINE, PRIMAL, PURE POWER that
acts as a LIMITED FORCE but is actually an ETERNAL FORCE with INFINITE FORMS and FINITE CREATIONS.

Only God is ETERNAL.

Anything INFINITE or FINITE is within THE ONE ETERNAL GOD FORCE and FORM.

MAN has forgotten he is as SPIRITUAL BEING {SP} and his ABILITIES as a SPIRITUAL BEING {SP}. Because of this he is living in a Private Hell on earth instead of a Personal Paradise in Heaven on earth.

METAPSYCHICS WAS CREATED TO REMEDY THIS.

The DEATHWISH

In today's society people are so geared to helping others and caring for their families that they 'sacrifice' their bodies and minds, not to mention their pocketbooks to the

point of self destruction.

Mankind literally has a wish to suffer and die' in accordance to God's Will.

This results in a DEATHWISH that manifests in all sorts of ways but ends up being only SELF-DESTRUCTIVE.

Mankind has a 'death-wish'. But man does not want to die today or tomorrow, he wants to die slowly, very slowly.

Death is very patient. It takes its time.

We call this unknown 'death-wish' the effects of Negative Electronics or

{N.E.T.} on the minds of men and women.

In other words, man is actually programmed to 'do himself in' at the cost of consumerism and passive psychotic behavior.
In the next Chapter we will look into the cause of mankind's woes and why METAPSYCHICS was discovered and created to combat {N.E.T.}.
And some of the major problems of life and why man can’t be happy and free in it as he was born to be.

The Problem

Man suffers in the physical universe not so much from a lack of knowledge, but from the scarcity of understanding, and an unwillingness to use his innate powers that are already within him.

The reason for this is bad religion. Bad Religion has left man in the dark, to fend for himself against unknown and unseen enemies, with weapons that falter in use.

As long as you can keep a man, or woman, or child, from being SOMETHING, you void him of his power TO BE that something, and

do, and have, as that 'something' may have.

If someone forbids you to be Superman, you will never develop superman powers.

The Way of the Devil, is always, to make you forget who you really are, and what you can really do.

MetaPsychics could not have been written before 1953, for the technology and terminology had not been developed yet that a lot of MetaPsychics is based on.

MetaPsychics is a science book that includes Religion and Philosophy to make it a complete science that

mankind can KNOW, UNDERSTAND, and USE {KUU} in the world today to make this a better place to live, work, rest, and play.
MetaPsychics is an old as it is new and fresh.
It is basically about how to use the good part of your Imagination to cause the right causes, and effects you want in your physical and psychic worlds.
In the end it will transform you into the REAL YOU, who you really are now, but with PSI and TRANSCENDENTAL KNOWLEDGE that will make you

certain of WHO YOU ARE, WHAT YOU ARE, WHY YOU ARE, WHERE YOU ARE, WHEN YOU ARE, AND HOW YOU DO IT AS THE MOST POWERFUL ENTITY IN THE UNIVERSE UNDER GOD. This is YOU as a SPIRITUAL BEING {SP} and not a mere physical body and mind.

To think that man is ONLY an animal subject to only a stimulus/response mind or what we call the 'slave mind' is the work of evil men who wish to control you or subject you to their atheistic and agnostic theories.

Before you is the most advanced science of mind available to man based on Natural Laws of the Universe, body, mind, and SOUL.
METAPSYCHICS, Advanced Science of Mind is a Spiritual Science and a Personal Philosophy.
It is not something to 'believe' or 'believe in', it is something you DO.
METAPSYCHICS is an empirical science, in that it is based on 'what you can see', but as a Religion, it is also based on 'what you cannot see' namely myths and natural and scientific principles.
Empirical Science is far more

responsible for the good and great achievements of mankind, and its theories made mention of the Observer in scientific experiments and Observations, but seen the soul cannot be seen, it was neglected, and not only neglected, it was said to 'not exist', and the person who said it 'did exist' was subject to ridicule and oscartization.

But here is the missing element in science. The Spiritual Observer. YOU! You, not as a physical body, but as a Spiritual Being {SP}.

The very first Principle of the Spiritual and Abundant Life is that

you recognize that you are NOT your body, or mind but the OWNER of such.

This is what is meant by TRANSCENDENTAL KNOWLEDGE and CONSCIOUSNESS.

You realized you are not your physical body or mind, but own them.

ONLY THE SPIRITUAL BEING {SP} CAN COMPLETELY OWN, CONTROL, COMMAND, AND COMPOSE THE COMPLETE BODY AND MIND AND EVEN THE UNIVERSE.

This is the true EGO and SOUL of man, which is of GOD, THE ETERNAL AND SOURCE OF ALL THINGS SEEN AND UNSEEN.
This is what makes METAPSYCHICS different from the rest of the other material sciences, we include the reality {Beingness}, and ability {Power} of man's SOUL.
The main ingredient left out of most empirical sciences.
By putting God, the Unknown Self, in the equation, it works out perfectly! For God is the totality of all that is and is not.
And your soul is 'part and parcel' of

God, The Absolute Perfect Static.
We also know now that 'Evolution' is how God got things done.
All of creation is a product of EVOLUTION, God's way of doing things here on earth.
HOWEVER, man did not evolve from an ape as scientists once thought sometime ago.
Beyond the best wishes and theories of science, there NEVER WAS AN APE-MAN.
Man’s physical body {STEMM} developed like that of an ape, but man, himself, was NEVER an ape or ape-man.

The Male and Female bodies may be of an animal nature, but their minds and spirits {souls} are not.
Man evolved a body from {by direction of} a Light Being or Spiritual Being {SP}.
Man is a Spiritual Being {SP} or a Static of a Prefect Static {God}.
WE CALL THIS GOD OR THE SUPREME BEING, BEINGNESS {Static: Solid, non-moving}, AND PURE ENERGY {Kinetic:Vibration/wave continuum}.
So much for 'the monkey man or race', or the 'missing link'.
A Spiritual Being {SP} is not male or

female, for it is one eternal unit of dynamic energy. Sex preference is of the body and mind, not the Spirit.
The Spiritual Being {SP} can take on a male or female body, or any androgynous body. It is rarely concerned about the sexual orientation of the person unless it needs correcting for a better male/female balance in the Psyche of the individual.
Mankind is lying and dying in PSYCHIC DARKNESS.
It is the job of the Devil {Any person who purposely 'lies', 'deceives',or 'tricks' you for his or her benefit

that harms you or decreases your survival in any way}, or to KEEP YOU IN PSYCHIC DARKNESS.

A Devil is also any being who consciously deceives or lies to you because they are jealous or envious of you.

A Devil is also a Psychic Entity {PE} ‘acting as an evil spirit or entity’ with the intent of doing ‘evil’ for, ‘evil sake’.

All Devils are Psychic Entities {PE’s} or the 'false ego.'

All Spiritual Beings are superior to any Psychic Devils or 'demons' (lesser Devils)}.

PSYCHIC DARKNESS is no more than ignorance in its simplest form. In its worst form you have a serial killer, rapist, pedophile, murderer, the religious zealot, and all degrees of insanity from wife and child beating to thief, senseless hunting, and cruel dogfights.

METAPSYCHICS destroys the 'PSYCHIC DARKNESS' which keeps mankind in bondage to himself or some other, pain, suffering, and ignorance of his true abilities, and his special ability to operate {function} at higher levels of existence and beingness.

METAPSYCHICS is more than just a ‘hope’ or ‘promise’ of a better life to come, it is a Way, and a link to the Infinite and the life you always dreamt of living, but your doubts and fears kept you from materializing it in the physical world.
METAPSYCHICS not only include the Infinite, but also The Eternal.
In fact, METAPSYCHICS is the first science to define these three words in agreement with mathematics, and therefore the ‘perfection’ of All universes.
The FORMULA is as follows:
The FINITE has a beginning and an

end.

The INFINITE has a beginning, but no end.

THE ETERNAL has no beginning and no end.

This brings about the following Equation:

The Eternal is greater than the Infinite, as the Infinite is greater than the Finite, or

{E>I>F}

This is the mathematical formula for all life and existence.

Anything outside of this FORMULA is an illusion or 'non-existence'. And there is no such thing or animal as

‘non-existing,’

In this way “Death” is swallowed up in LIFE.

PSI or SPIRITUAL ENERGY is ETERNAL.

It was not created, and it cannot be destroyed.

The PHYSICAL is FINITE.

The PSYCHIC is INFINITE, and

The SPIRITUAL BEINGS {SP's}, {like God} are ETERNAL.

{This is why the Spiritual Being {SP} is the most powerful Entity in ANY universe.}

There is nothing you have to believe in METAPSYCHICS, in fact, we

warn you to be slow to believe anything, and even slower to accept anything as TRUTH if it is not true to you.

“All that glitters is not gold.”

Your mind is an Observer of Truth and will recognize ‘truth’ when it ‘sees’ it.

METAPSYCHICS is a Physical/Psychic/PSI {Spiritual} Journey whereas you discover your TRUE IDENTITY that was not given to you by your parents, family, friends, peers, church, sexual orientation, or job.

You will discover the The Truth of

Your Being.

A Psi Being is Eternal. He is First Cause and can only be First Cause. And The Psi Being is the highest Being and Position you can get in life , the psychic, or the spiritual worlds. And The Truth of Your Being has the Power to set you free, or freer, and keep you that way.

THE BASIC REASON AND PURPOSE OF METAPSYCHICS IS:

“YOU ARE AN ETERNAL BEING WITH AN INFINITE MIND, IN A

FINITE BODY AND WORLD.”

This is the Whole of MetaPsychics right here.

This is what you truly are and your original Nature and Personality.

If we can get you to the point where you can locate and operate or function as a Spiritual Being {SP}, then our job is done.

The {SP}, The Atman, and Psi Being are One.

When mankind sees the world as a Spiritual Being {SP}, he will see a Growing Paradise on Earth of

Aesthetics, Pleasures, People, and Places.

This Paradise exist already in the minds of The Ready. And it will exist for you when you want it too.

What is happening is that the Atman {your soul} is merging into Brahman {The Universal Soul of God or the Universe}, and yet, retain your own individual personality.

Atheists and Agnostic can also benefit from MetaPsychics, for one does not have to 'believe' in any God or gods for MetaPsychics to work.

Man as a static and Perfect Static/static/kinetic is a phenomenon

of the physical and psychic universes, and the Source of this discovery is not necessary for a Spiritual Being to be Cause over the causes and effects of the Psychic and Physical worlds.
If you close your eyes, you can still see mental pictures of People, Places, and Particles {objects}, {PPP} of the physical world.
So did your physical eyes turn inward?
Why doesn't the physical eye see infrared or ultraviolet rays of light unless aided by some device?
Just like the human eye can only see so many colors in the whole light

spectrum, so man is given a little of the light and thinks he has the whole light.

But getting back to the mental pictures you can see, WHO IS DOING THE LOOKING?

It does not dawn on man that SOMETHING or some BEING is LOOKING at what his physical eyes cannot see unless aided.

And not only that.

This SOMETHING or SOMEONE can CREATE mental pictures, DUPLICATE them, and even DESTROY mental pictures at will.

Well,

That Something is none other than you as a Spiritual Being {SP}.
This is fact, not fiction.
Now a Spiritual Being {SP} lives by choices.
A Spiritual Being {SP} always has a choice.
Before the Beginning, man had many, many choices, and in life, he has even more choices.
And even in death, he still has choices to make.
In fact, a Spiritual Being {SP} has so many choices that when he 'thinks' are conceives a 'thought' {a unit of energy}, he is actually 'condensing'

energy instead of expanding it.

It is the purpose of MetaPsychics to increase the choices of the Spiritual Being {SP} from {0} to Infinity.

This is like looking at the entire universe in a grain of sand. It seems impossible, but it can be done, and have.

A Spiritual Being {SP} can be a Paragon, or a Denizen.

> **A PARAGON is a trained Spiritual Being {SP} who decides that life is so much fun now, he is going to come back again, in human form, maybe of his own race, or another, and he**

will take with him all the knowledge and experiences he had in this ‘life continuum’ so in his next ‘life continuum’ he is that much smarter and ahead of The Game.

Of course, The Game we are talking about is THE GAME OF LIFE.

A DENIZEN is a Spiritual Being {SP} who had enough of earth, or any other physical and psychic world. He vows not to return. Instead he merges into The All in All and rest {sleep} for what seems like several Eternities.

He may become Divine Math

{Perfection}, or Wisdom, Joy, or Peace, but he does not come to earth in a physical body again.
The only basic difference between a Paragon and a Denizen is that the Denizen never returns to earth in another physical body, the Paragon does.
So,
Even in death, as well as in life, the Spiritual Being {SP}has a CHOICE.
Therefore, the first two books in MetaPsychics are about the Paragon:

“METAPSYCHICS: Advanced Science Of Mind”,

and

“THE PARAGON’s HANDBOOK”.

Whatever the Paragon can ‘do’, the Denizen can ‘do’ better.

But unless one becomes and acts like a Paragon or Denizen, then he is doomed to ‘being’ a ‘body’ or a ‘mind’ and will be destroyed as a body or mind in the end.

If a Spiritual Being {SP} ‘think’ It is a body, then It will be a body, for all the Spiritual Being {SP} ‘causes’ becomes an effect, knowingly or not.

Now,

Here are some of the Illusions {Lies you tell yourself} and Delusions {Lies

told you by others you hold as Truth} that are very common and popular in the world today:

2015 A.D., at the writing of this psychic technology science book:

You are told you are a finite being {an ancestor of an ape} in an infinite universe.

When actually, you are Infinite Beings in a finite body and world.

You are told that you are a powerless sinner and all your sins will put you in hell.

When actually, you are a Spiritual Being {SP} {Paragon or Denizen}, the most powerful living entity in any

universe.

{Hell and Heaven, like Evil and Good, or opinions and states of mind.}

You are told that you must adapt yourself to the environment.

When you should be adapting your environment to yourself.

You will learn that there are three universes, of which, one is your very own. Your own universe does not have to 'agree' with the laws of the physical universe, and indeed, should not.

You are told your growth is in the hands of EVOLUTION.

This is true, but you also have the jump on evolution and can take your fate and spiritual growth into your own hands.

This is called ‘pulling oneself up by one's own bootstraps’ and the MetaPsychic term for this is INVOLUTION.
INVOLUTION is 'helping out' yourself by ‘helping in’ yourself.
It is pulling yourself up by your own bootstraps.
Everyone is involved with Involution in some degree or another.
But those who understand the lost

Art of Involution {Lost Art of Life and Living}, and implement it in their daily lives, are normally more successful than those who do not.

DEVOLUTION, also a MetaPsychics term, would be the current state of mankind or what happens when people, places, and particles {objects} are left to themselves are neglected, and actually ‘decreasing in consciousness to the point of death.
They atrophy.

Devolution would be the dichotomy of Evolution and Involution.

Evolution would be the way God create, maintain, and dissolves the body and universe. It is a very S-L-O-W process and man can 'reverse' this natural flow of Energy and even prevent it.
Which, he indeed, has.
This is The Rat Race, Domestic Violence, Gang related shootings and killings, suicide, excessive pain, and the list goes on into infinity.
METAPSYCHICS is not a book on Positive Thinking, but your positive postulates will stick more and you will see more perfect effects from your causes.

All Postulates do not work for all people.

But MetaPsychics does!

Metapsychics actually works for anyone who wants to improve their lives and the environment they live in .

The Way of the Devil is to make everything the same. It is called Conformity and Uniformity.

The Way of the Spirit is always liberating.

Distinctive and Diverse.

When you see a lot of high school Chinese girls on

TV, all dressed in the same school

uniform and even have the same hair style it is ‘the beginning of the end’ of what can be called ‘individualism’.
‘To fit in’ at the cost of your own individuality.
That which is the same without variation will lead to automation.
Automatic People who do Automatic things.
Automatic People who need no control for they are programmed to ‘control themselves as a ‘mass group of look-alikes and ‘think-alikes’.
Mentally enslaved.
Mind Control.
It already has begun.

Society's Agenda for you is antitheist to METAPSYCHICS.
Society wishes to enslave and use you.
It has too.
There are over 7 billion people on this planet right now {2017 A.D.}
And 7 billion people need to be told what to be, do and have.
People have been told what to do and what to think in hoards since man could write on sheepskin.
We, and, of course, not all, are brought up to live a life where pleasing 'others' is the right thing to do.

But this can be a ‘bad thing’.
This is the God thing to do and Spirited thing to do,
even to the tune of self-sacrifice, self-abused, and self-sabotage all to please some God, or Jesus -type, or some holy book , or out-dated morals, or laws or rules of some Country or liberal Organization, especially the Government or ANYTHING, as long as you ‘believe in something!’
In other words, you are taught to do yourself in.
To suffer and die, at the cost of pleasing others, or

always putting God, Jesus, or anyone {others} first, before yourself.
‘For Christ to reign and me to die’, is the call of the wild today.
And the totally misguided.
Self-sacrifice is The Truth, The Way, and The Light.
There has got to be a better way... and there is.
Believe it or not… No, believe it!
There is no Psychology or Psychoanalysis in the world today that is of real benefit to mankind.
The reason being is that Psychology follows the route of the ‘man from ape theory’ and in most cases

excludes the ‘soul’ of man, which is a very essential part of the full composite of man and woman.

METAPSYCHICS is a true Psychology and Philosophy about you, but not just about you as a ‘meat body’, but as a ‘living soul’ that can leave the physical body at will while the physical body is still alive and kicking.

METAPSYCHICS is about you being that ‘living spirit’ called a Paragon or Denizen and what you can do as a Spiritual Being {SP} or just being a Human Being.

METAPSYCHICS will show you

how you are a ‘freed spirit’ with possibilities far exceeding that, than you might, or might not, have imagined.

METAPSYCHICS puts you on The Right Track to your successful spiritual life to being whatever you want to be in LIFE.

But remember, man does not suffer from a slack of what

God does, but from the abundance of His Bounty.

God always gives everyone, what everyone {man or woman} wants. From life, abundance, gold, wisdom, love, happiness, to disease, pain,

sickness, or death.
God is a Gracious God.
He gave man everything he could ever want or need, even if it is deemed negative by himself or others.
God rewards those who accept His Bounty.
But even with, or without the God concept, you will find that your mind will work exactly as you tell it to.
No matter what you hold as truth now, or what you believe, you will know that you have contacted the Highest Power {Energy} in existence that most people know as God.

God exists or does not exist depends on how you define the word ‘God’.
To the mind, even the word ‘God’ is a concept.
It is not necessary to ‘know’ “God” as a concept for METAPSYCHICS to be a solution.
The Eternal and the Infinite exist regardless of rather we impose “God” on it or not. The Mastermind or ‘Mind of God’ as we call it, is also ‘The Cosmic and Universal Mind’.
It is accessible to anyone willing to ‘extend’ or ‘expand’ or have an ‘open consciousness’ towards the ‘infinite’.

Yet, those who ‘know’ and ‘understand’ The ETERNAL are at THE SOURCE of Power and therefore can ‘use’ this superior energy making them the most powerful beings, inside of God, in any universe.

God actually designed the Cosmos to be ¼ negative to ¾ positive.} This would be a functional Paragon or Denizen.

To KNOW, UNDERSTAND, and USE your mental abilities as PSI POWER is the function and M.O of the Paragon/Denizen.

METAPSYCHICS IS A TRUE RELIGIOUS-PHILOSOPHY-PSYCHOLOGY-SCIENCE ABOUT YOUR TRUE SELF.

RELIGIOUS-Pertaining to The Spiritual, or Psi-side of LIFE. THE SPIRITUAL BEING {SP}. Most religions have a Supreme Being or Beingness-some call Life {Moving or Kinetic}, others Death {Non-moving or Static}. Man is either "apart of" or "apart from" God.

PHILOSOPHY-Pertaining to The Mind or Psyche part of man. THE PSYCHIC ENTITY {PE}.

PSYCHOLOGY-Pertaining to The

Body or Behavior of the Spirit/soul/mind/body/environment/ world/Universe Continuum. THE GENERIC ENTITY {GE}.
METAPSYCHICS IS NOT METAPHYSICS, OR PARAPSYCHOLOGY, OR PARAPSYCHICS.
IT IS NOT A BOOK ON ESP, CHAKRAS, NEGATIVE OR POSITIVE THINKING.
IT IS A FACTUAL ACCOUNT OF YOUR TRUE SELF, MIND, BODY, AND UNIVERSE.
THE MYSTERIES OF YOURSELF OR NOW REVEALED AS NEVER

BEFORE.

NOW YOU CAN KNOW WITH CERTAINTY WHO YOU REALLY ARE AND WHAT YOU CAN REALLY DO.

{For the last four thousand years or more, man has been taught {hypnotized} to believe that he is merely an effect of the Universe and earth. This is how man is made a slave to Society, the State, and the Church. Man did not evolve from Apes, but rather apes evolved out of one of 84 species of life of which man was one. And here is where Darwin went wrong. Man is a 'human

species', not a 'ape species'.
Mankind has alway been 'human' though we evolved along animalistic lines.}
Man was here before the animals were, including apes and all it's primates. But he was not yet on earth, and he did not yet have a physical body of the earth.
When evolution was first discovered by Darwin, it was a new science and not a complete science.
One of it's biggest errors was that man evolved from apes because scientists did not believe in the reality of the soul.

One of the main reasons for this is because all the souls of man and woman are INVISIBLE and WITHOUT DIMENSIONS.
In science, if it cannot be 'measured' it does not exist.
Man was not created out of the mud {muck} of the earth, and God, or some alien being breathed life into his 'body of clay'.
Man is not merely a mere body and mind, but the creator of both, and the Supreme Controller of both, and his own Universe.
Man, existed over 60 trillion years ago as a Light

Being, and he has not changed since then, except only in FORM, but NEVER in FORCE.
Man has always been an effective Cause over the psychic and physical universes with unlimited capabilities.
Man can be, and in reality, IS a Paragon.
The most powerful being in the physical universe.
Paragons are known as ‘GOD’s AGENTS of the UNIVERSE’.
They can ‘appear’ as ‘good’ or ‘evil’ Entities,
but they, unlike Satan, Lucifer, Judas, Moses, and Jesus are STILL a

‘creation of man’s mind.
{One of the best, and most recently the discovery of MetaPsychics is that man’s soul does not reside in the physical body. Soul controls Its’ body and mind from “OUTSIDE” of the physical body. Your body IS NOT the temple of God, but rather the bio-human-computer machine of God. The human body is more of a nuance to the Paragon/Denizen than a movable temple or church.}

Paragons, Denizens, Thetans, Jiva’s, and other Cosmic, Light Beings, and Spiritual Beings, did not ‘fall’ from

heaven, they descended on their own, to help mankind on earth, and other beings on the psychic and physical planets.

These are only different names for the ‘soul’ of man, which is his real EGO.

Control Center and Position in Space and Time.

Man can, and have, rediscovered his true potential and capabilities as a Human and Spiritual Being with METAPSYCHICS.

You will find out how to go from being an ‘unconscious

Effect’ to a ‘conscious Cause’ of your

happy life here and now.

With METAPSYCHICS you will be able to become the truly free spirited person you always were and always wanted to be.

And it will help you remember WHO YOU ALREADY ARE, BUT FORGOTTEN due to 'Negative Electronics Traps' or {NET}.

{Worry, anxiety, stress, disease, poor eyesight, chronic fatigue, joint pain, high blood pressure, hypnotism, are all symptoms of Negative Electronics Traps {NET}.}

IF YOU OWN THIS BOOK, REACH OUT YOUR HANDS AND

GRASP YOUR BOOK OF METAPSYCHICS.
THINK OF IT AS AN EXTENSION OF YOURSELF.
A PART OF YOURSELF, FOR IN ESSENCE, IT TRULY IS.
WHEN YOU CONTACT IT, AND TOUCH IT, SAY:
“This is my book and It’s Power is My Power.”
I am a triune being, Supersoul/soul, mind, and body.”
Now hold the book to the middle of your chest and say,
“You love me, graciously!”
Repeat this up to nine times to really

get a ‘feel’ for your book.
{By following the procedure above you are already reversing the flow of negative energy that was flowing towards you.
Pain, weakness, and loss are being restored to wholeness.
Damage brain and body cells are being regenerated and the potency of your positive protons are being reactivated. This will seem like ‘hype’ and ‘imaginary’ to the very low-keyed mind, but the potential of the Spiritual Being {SP} mind is unlimited.}
METAPSYCHICS CANNOT SAVE

YOU.

But it will give you the psychic and psi tools you need to save yourself.

Just by reading METAPSYCHICS,it is able to employ some of the Positive Electronics Techniques {P.E.T.} developed through the science of METAPSYCHICS.

Provided you looked up and 'cleared' any words you did not know or understand, using a good dictionary then you are willing and ready to Operate and Function like a Paragon or Denizen…}.

Then you are ready to read METAPSYCHICS: Advanced

Science of Mind.

WARNING!!!! {If you are bypassing words that are not clear to you, you will not last long with METAPSYCHICS, and you will toss it among the other 'self-help' books that did you no good. But we have warned you. You have a lot at stake here. You are not reading an ordinary book.}

Preface

In the annals of man's history, there has always been men who endeavor to help man reach higher states of beingness and consciousness. Among them have been Moses, Yeshua Yosef, Jesus, Mohammad,

Gautama Siddhartha or Buddha, Krishna Rama, Zoroaster, Lai Tsi, Nietzsche, Confucius, The Vairagi Adepts, and The Holy Men of Rishis to name a few.

Now,

Rather these men lived or not, their record is a testimony to the fact that there is more to existence than what meets the physical eye.

The goal of these men were to lift mankind from a limited potential to an Infinite Potential that is in essence Eternal.

There is a Higher Power to man's lower powers.

This Source of The Higher and Lower Powers is called God in religions.
Principles or Axioms in science.
and Reason or Intellect in Philosophy.
Every man, woman, and child is a part of this Infinite Potential, but not everyone knows and understands this natural phenomenon.
Religion alone, can't do it, for it denies the logic and reason man needs to make sense of this world.
Science alone cannot do it , for it denies the 'soul' of man which makes up his basic nature.

Philosophy alone cannot do it because it needs to go outside the mental aspects of man and embrace the Spiritually Unknown.
Man feels as well as reasons.
It is said when the two are united {mind and heart} then there is music in heaven, as well as on earth.
So, it would actually take a religious-science-philosophy presented in a most objective and impersonal way to cover the full scope of man and LIFE.
The physical universe consists of natural laws of which man's physical body is a part of.

To ignore these laws is to ignore the basic building blocks of man's Life. And man is able to manipulate these laws to his advantage.
When he does so, and records his findings for others to use, we now have information that eventually can be KNOWN, UNDERSTOOD, and USED as PSYCHIC ENERGY.
For everything and anything in the Universe can be KNOWN, UNDERSTOOD, and USED as PURE, PRIMAL, PERFECT ENERGY or PSYCHIC ENERGY.
Scientists suddenly realize that the physical universe is actually 'within

another larger more expansive universe'.

This universe is your very own universe of your very own mind.

The mind would be Macro to the physical world which would now be 'micro'. This is do not have to 'believe', but you can KNOW.

In other words, your Psychic {Mental World}, actually surrounds the complete physical universe, and this is where gross matter turns to subtle energy and mental mass, that can only be estimated, measured., and USED.

However, realizing that your mind is

nothing more than a duplicate of the physical universe should help you UNDERSTAND that it is the Spirit or Paragon that is doing the duplication, not the body or the mind.

The Psyche or mind, to the Spiritual Being is nothing more than a 'communication relay system' between It, the physical body and world. The Paragon/Denizen does NOT duplicate the physical universe but sees it as it is, and sees his own universe the way he creates it.

It is important to note that when the Paragon/Denizen duplicate the

physical universe {creates mental pictures} he is very AWARE of it. Others who are not aware they are doing this suffer from illusions and delusions and could be said to be insane.

If we were to represent the physical universe with a mathematical symbol if would be:

$$R=0.$$

And if we represent the mind or psychic with a mathematical symbol it would be:

$$R>0.$$

The fact that “R” is equal to the ‘zero’, would denote that the Psychic

Universe is greater and surrounds the Physical Universe.

And the Spiritual Being has the highest symbol of all:

R=>(0)

When man realized that he can control matter with his mind, we get the old colloquial,

“MIND OVER MATTER.”

‘The Mind Over Matter’ Psychic Process came out around the middle of the 1940’s in America and is still being used broadly today as the main means of controlling matter on earth today.

And ‘matter’ can be seen as

PEOPLE, PLACES, AND PARTICLES {Objects}, or {PPP}.

This further breaks down into "CONTROL OVER MINDS".

For good or bad, you are mostly engaged in the control of somebody's mind or body, if not just your own directly or indirectly.

But man does this UNCONSCIOUSLY, and many times hidden influences dictate what he does and he has no idea why he acts the way he does or why he cannot make his life go right.

Since man is originally a Spiritual or Light Being, he must duplicate

himself in the physical universe , {established an orientation and 'location' viewpoint}, in order to have LIFE in the physical universe.

{The Paragon/Denizen is always in the present moment and nowhere else. If he is in Ohio, he is in Ohio. If he says he is in the sun, he IS in the sun by consideration. It makes many Spiritual Beings sad to know they have no mass, motion, or meaning , except what the Spiritual Being {SP} considers Itself to be. And the Spiritual Being {SP} loves to pretend to be 'other beings', and collect 'other being' pictures}.

But first one must realize that one is a Spiritual Being {SP} before he can 'safely' assume other identities.

For the Spiritual Being {SP} can be billions upon billions of light years

from Its physical body, and still be sane and in control of it, even at that distance or more.

This data is new to mankind, that the 'soul' does not have to be in the body to control or operate it.

METAPSYCHICS is a creative science.

It is exact as it is precise and it can be proven by its predictability and accuracy.

Since METAPSYCHICS includes the whole of man and woman which is the body, mind, soul, and the universe.

It is a more complete science than the

mere material sciences that deal in chemistry, higher mathematics, metaphysics, physics, and quantum physics.

The end result of MetaPsychics is a PARAGON.

REMEMBER!!!

If you are getting sleepy, or tired. {Yawning is OK, you are just burning out moments of unconsciousness.}

GO BACK,

and look for a word you THINK you knew the meaning of but didn't.

Look up the meaning and 'clear' the word.

Resume where you left off and you will be the better for it.
This cannot be stressed enough.
A Paragon can be symbolized by a zero with a slanted line going down the middle of it.
‘0/’
The Super-soul is a zero with two slanted lines across the middle of it.
‘0//’
The Paragon is a {SP} or Spiritual Being.
This is to say, he is NOT a Psychic Entity or the Genetic Entity {GE}.
The Spiritual Being{SP} is to the Psi Worlds, as the Psychic Entity {PE} is

to the mind, as the Genetic Entity {GE} is to the physical body.
Think of the Genetic Entity {GE}as being in control of the body when you were not aware of it.
Before the Psychic Entity {PE} was created and was able to take over the job of the Generic Entity {GE}.
But the Psychic Entity {PE} is about as far as man has gotten in the technology of the mind, 'Mind Over Matter' and this is not the real Seat of Real Power, but a Way Station or 'second cause'.

In short, the Psychic Entity {PE} is a duplication of a duplication.

It is not real, but can act and be taken for a real living entity or person.

The problems with Psychic Entities {PE's} is that unless the Spiritual Being {SP} KNOWS he is creating these 'mental images' himself, the Psychic Entity {PE for short} will sap the person of his or hers' energy {Life-force or spirit}, and become far too important than it needs to be.

The symbol {the PE}, has become The Symbol Maker {the SP}.

It lives off your energy and leave you depleted. It needs YOU to live on, YOU don't need it.

You are The Host Unconscious Spiritual Being {SP}.
The Psychic Entity {PE} is the parasite.
You think it is giving you Power to live, when it is You, subconsciously or consciously giving it Power, and then redirecting it back to yourself or someone else.
All Psychic Entities{PE} are symbols to the Paragon/Denizen.
All Psychic Entities {PE} have Mass, Meaning, and Motion.
The Spiritual Being {SP} DOES NOT.
The Spiritual Being {SP} is a Static

of a “Perfect Static.”

The Spiritual Being {SP} or Person is the real thing.

The First and Last Thing.

And Everything In Between.

In order for it to perceive in the Physical Universe the Paragon/Denizen must establish a ViewPoint.

METAPSYCHICS is a Creative science in that, it is built on the best minds this world has ever seen in the fields of self-help and self-mastery.

He who is master of his senses are masters of their minds.

And he who is master of his master

of his mind is master of his body and environment. And he who is master of his body and environment is master of the world.

METAPSYCHICS will
EDUCATE
ENLIGHTEN
EDIFY and
ENTERTAIN.

METAPSYCHICS is a simple science about living a simple life.

A simple and exciting life.

In fact, one of the Axioms of MetaPsychics is

“A Good Science is a Simple Science.”

Here is The Ultimate Ground of Reality.

The Ultimate Ground Of Reality is The Ultimate Ground of Zero.

Man's and woman's spiritual journey, and improvement of self is from 'zero to AND through infinity'.

It is the Way of the Devil to keep you at zero, and let you expire there.

There is 'no devil' as in Demonology, except as they are 'created' by man's mind. The real problem comes in when a person 'believes' in these mental creations or mental images' and 'believe' {again] them to be real. Then a person can be 'possessed,

controlled mentally, and made insane' at the will of a smarter {more rational} person.

Here you might ask,

"What is all of life doing, or trying to do?"

Well, that would be

"SURVIVE!"

"ALL LIFE IS SURVIVING, or TRYING TO SURVIVE."

The reason you want to study METAPSYCHICS is because no matter on what level you are surviving {living or existing} now, {rather you are a homeowner, apartment dweller, on the streets or

Beverly Hills hills}, you WANT TO SURVIVE and SURVIVE MORE!
The various means of SURVIVAL are as numbered as the stars.
EVERYTHING WANTS OR WILLS TO SURVIVE.
You would think.
Not so.
Man has a special talent or ignorance, {take your pick}, NOT TO SURVIVE.
It is the COUNTER-SURVIVAL of others that cause The play of The Game. The Game called Life.
We are not here to change the WAY you think, but HOW you think it.

METAPSYCHICS will help you survive better.

And better than you think. Read on.

ARE YOU A PSYCHIC GENIUS?

One definition of the word 'genius' besides a person with a high I.Q., is to be a 'tutelary spirit', or a person who 'preserves things'.

Many of the things we know today are known because not only did someone writes it down, but someone also 'preserved what was written' over the years, until it could be copied and preserved again until today when you can keep it all 'preserved' on a hard drive.

Man does not have to be near a genius to know and understand how his mind can help him achieve his goals.

In fact, the “Mind Over Matter” Principle has been around since the 1940’s, and some improvement on this ‘mental technique’ has been made.

But for the most part, due to lack of understanding and missing data, the “Mind Over Matter Technique” has also suffered at the hands of the greedy who abused the phrase, making all kinds of “Snake Oil” claims that came down to ‘Think and

Grow Rich’.

If you really think about it, If you, ‘Think and Grow Rich’, and do nothing else, you will definitely, ‘Think and Grow Poor.’

We all can be tutelary spirits, therefore we all have the potential to be Psychic Geniuses here and now!

Man is a Spiritual Being {SP}.

This may not sound like much now, but as you go along it will dawn on you that being a Spiritual Being {SP} is much more expansive than you might have imagined.

If you were to put ‘Spirit’ on the left side as ‘unseen matter’ and the

physical body was put on the other right side as ‘seen matter’, the magic link between these two worlds would be the:

THE MIND.

This is how we get the basic Trinity of Man and mankind.

Now you should be able to see how Spirit known as PSI in scientific jargon, and the body known as the physical elements, meet together in the mind .

Whereas the physical world is ‘finite’ and ‘contained’ within the psychic words, the PSI or Spirit world extends outside of the

known psychic realm but can stay just as interested in the 3-D and 4-D worlds, as usual.

You could say that everything exists in mind.

And everything and nothing exist in The Mind of God.

We can now chart this in MetaPsychics as follows:

“The Eternal is greater than the Infinite,

As the Infinite is greater than the Finite.”

or

{E>I>F}.

Rather man believes himself to be a

spirit, or a body, or both, his consciousness exists in someone's mind.

But now we can understand more dimensions to perfect a formula of man and woman, and even the universe.

The finite is Physical.

The Infinite is Psyche or Mental.

The Eternal is Spiritual or PSI.

This is a major breakthrough in the sciences of the spirit of which there are very, very few.

But we can now conclude that the reason man can conquer his world, body, and mind, is because in his

original nature as a Light {Life} or Spiritual Being before the beginning, man was The Master Controller of his fate and the fate of his family or loved ones.

The more one KNOWS, UNDERSTANDS, and USES the Innate Power of his mind, the more he will be able to SURVIVE.

And the better chance he has at surviving, the better chance I have of surviving too. Evolution as Involution becomes a psychic force in your life and you are able to exceed where others have failed.

{Evolution as seen in MetaPsychics is

the ‘Way God did things’, ‘HOW God created the universe and its inhabitants’. When man takes evolution into his own hands it is called Involution, for man is now in control of his destiny.}

It pays more than psychic dividends to seek out the Higher Potential of your mind.

You might already be a Psychic Genius!

Now because man is good does not mean he has to be stupid or be a victim to less scrupulous people.

A smart person can ‘act stupid’ and ‘pretend stupidity’ and not be in

harm's way.

Stupidity is no threat to anyone as long as one can learn from it.

"No action is useless if one learns from it."

And no one should think of people has being stupid today either.

For the potential to be a Higher Being is innate in everyone with no exception.

How long it takes that person to reach Enlightenment will be found on his or her's time track, not yours'.

Unless a person is physically damaged in the brain by electric shock, he should respond to

MetaPsychics.

METAPSYCHICS will work for anyone and everyone, even those unconscious and those in a coma.

Using the Powers of your Psyche is the birthright of all mankind, and the fact that you can use them to gain an advantage over those who do not know, is no reason to slack or feel sorry for those without.

Everyone can be where you are at today with a little study and discipline.

We all travel the same path, but at different intervals and roads.

So, the first thing you need to know,

and the only thing you need to know now at Level One is that you are going from darkness to lightness. From Ignorance to Knowingness. You see, you cannot solve a problem on the same level as the problem, and for that reason, MetaPsychic shows you how to solve your problems at a glance by purifying and using Spirit as Energy, to solve your problems And to use it as PSI Power. By working on a level ABOVE your physical and psychic problems AND solutions, you will see the purpose and reason of METAPSYCHICS. MetaPsychics is also a

Transcendental Technology.

By Transcendental we mean that man is able to operate outside the limited dualistic, slave mind, and function at better, higher levels of consciousness and beingness that is more compatible with his or her spirit or soul.

Since MetaPsychics means ‘above the mind’, transcendental knowledge would be a proper name for the data and exercises in MetaPsychics.

There is nothing intrinsically evil or good in the physical universe, yet, ignorance can turn a man’s mind so against himself, that he might feel

like he is the 'one and only' righteous, or evil person in the world and live in a world of hell based on this lie and missing data.

If the mind is the cause of all your woes, than your mind is also the cause of all your happiness, it just needs the proper data to realize this. Ironically, it is because man 'thinks that he knows' that impairs him from learning.

'A full ego accepts no callers.' Knowing and thinking are not the same thing. And believing is not always knowing either.

Let me demonstrate this with a

question.
‘Would you rather ‘think’ you have a million dollars?’
‘believe’ you have a million dollars?’
or
‘KNOW’
you have a million dollars?!’
I think you rather know, for some of you do not want a million dollars, {which by the way is nothing more than a symbol of success, such as cocaine is also ‘used’ as a status symbol. Because ‘the rich has it’, the public bleeds for it’.}
KNOWING is CAUSE over thinking and believing.

The only reason ‘believing’ pulls more weight than thinking is that since you were a child you were FORCED-TO-BELIEVE at the cost of going to a lake of Fire and Brimstone, where the flesh never ceases to burn forever and ever.
You know this is not true as you grow up, you can ‘put away’ or doubt the more ‘scarier’ parts of the bible.
Many Pastors win the flock by preaching ‘forgiveness’ over ‘going to hell in a picnic basket’.
Both or in the same bible, but the Pastor, like a Spiritual Being {SP}, ‘SELECTS’ what is good for himself

and for his family to survive, rather his family is a wife and children, a group, or couple.

If yesterday the call of the wild was Survival of the Fit.

Today, it is

Survival of the Wit!

{MetaPsychics is actually 'Survival of the Rich', METAPSYCHICS: meaning 'rich in Spirit {Energy felt as Bliss}, and Knowledge.'}

The fact that everything is surviving, or is trying to survive should be paramount of this chapter, but it is not.

What is of paramount importance here is to look up any and every word you do not understand, or

know the meaning of. If you do not do this, you can actually render yourself unconscious, or near unconscious, and GIVE UP YOUR COURSE OF STUDY.

{You can order the complete Word-clearing Course at a Scientology Church nearest you.}

Seeing how our Education system does everything but TEACH you HOW TO STUDY and LEARN. This is course will make it possible for your to study and learn anything, even in another language.}

It is a proven fact that a person abandons a course of study simply because he does not understand it. He does not understand it because he

has gone over or by a word HE DID NOT KNOW THE MEANING OF. Simply go back to the place BEFORE you did not know the meaning of a word and 'clear it.' Look it up in a standard dictionary and see what it's meaning is now. Today! Not what you remembered some 20, 30 years ago.

Once you know the full meaning of the word, your mind will brighten considerably as you continue to read. If any person adapt this 'Word Study Course' his mind will brighten as he clear words he does not know the meaning of.

No matter what work or field of study he is taking or is going to take, he will greatly improve his chances at succeeding over those who do not.
In fact, he will be over 60% ahead of The Game. The Game of Life that Is!
This is why I opened up this chapter with the word 'genius' in it.
Let's take a look at the word 'genius' from a standard Webster dictionary. Any dictionary will do as long as it is current. So, in looking up 'Genius', we find that it is derived from the Latin word for 'tutelary spirit' which in the plural is 'genii'.
There are five different definitions. A

few definitions are:

1.Exceptionally intelligent.

an attendant spirit of a person or place.

a strong inclination or learning.

a peculiar or distinctive character or spirit (as of a nation or a language.)

one who can influence one for good or evil purpose.

If you fit into one or more of these categories, then you qualify as a genius!

See how the definition of the word can change the entire way you perceive things.

And the way you perceive things will

make the difference between you're happy or miserable life.

So, even by the definition in the dictionary you can be a Psychic Genius.

{A little ego stroking here!}

But isn't that what it is really all about?

Keeping your vibrations high while those around you fall?… and gladly will pull you down with them either by accident or on purpose.

'If you are not increasing, you are decreasing'.

This is Fact, not Fiction.

Man can do so much more with his

mind than ever before that it would only stand to reason that a transcendental technology would be developed so that man and woman can harass that ‘untap, infinite reservoir,
KNOW IT,
UNDERSTAND IT, and
USE IT…
To Create, recreate, and uncreate any and all universes and anything in them.

WHY A MENTAL TECHNOLOGY?

Even as animals develop certain characteristics to help them survive,

so does man.

Today, we know that man's mental abilities coupled with his physical energy is man's most powerful weapon he can use to ensure his survival.

Yet, in gathering these survival factors which is knowledge, you would not trust a person who did not know how to fly an airplane to take you for a ride in the clear blue sky.

Yet, it is very common for man to operate his mind with little or no knowledge on how to use it to his advantage without guilt or remorse.

Oh, there are books out there on

harnessing the power of your mind.
If you like, go purchase one, and then come back here.
You will discover that METAPSYCHICS is the most advanced Psychic, PSI, and Transcendental Technology condensed into one science that you will ever need or use.
METAPSYCHICS discovered and created the psychic techniques for mankind that liberates his 'soul', mind, and body, from material and immaterial miseries.
There is a way out. "But the way out is the way through!"

We take our minds for granted.
We do very little to upgrade the information about the ‘basic’ issues of our minds.
We read the current affairs and latest ‘help me’ articles and most likely learned something new about ourselves or our life.
Yet, most articles follow the same formula of the ‘most popular article’ who probably got a large audience by a fluke, that gives you a lot of positive sayings or quotes, but nothing in the way of real help.
Man is still using the blueprint of a biplane to fly a jet.

This is how far ‘mental’ technology has come today.
Once mankind can rekindle his true Identity as a Spiritual Being, then we will start to see the beginning of a new Kingdom of Heaven on earth.
Man is a supreme soul.
He is capable of good and evil but his basic nature is good not sinful or bad.
Again, Knowledge is only power if you can use it as such {Energy}.
If I have the knowledge to drive a car, it does me no good until I can actually drive a car down the road.
I must physically get in the car, get

acquainted with it.
Make friends with it, and apply the knowledge I know about driving to get me down the streets.
Now, my knowledge has become a usable force, the same is true of the mind.
We all think we know how to use the mind and are told that we use only a fraction of it, I say about 10%?
What a limiting concept we are made to 'believe' and live with.
METAPSYCHICS introduces man and woman to his and hers SUPERCONSCIOUS MIND, the mind exactly opposite their

subconscious mind.
This new concept opens up a new door to mankind.
For though the word 'Superconsciousness' has been around for sometime now, METAPSYCHICS is the first science to recognize the 'superconscious' as part of man's psyche {mind}.
Above your Aesthetic Mind is the Superconscious Mind.
We will teach you how to harness the other 90% of your full mental power available to you.
SUPERCONSCIOUSNESS starts with the fact that there is more than

just one Universe to view.
In fact, there are four, but only knowing the first three is acceptable to have Superconscious vision, and consciousness, also known as Spiritual Consciousness.
Universal Consciousness. Cosmic Consciousness.
Expanded Consciousness. and Psi Percepts.
Spirit goes by many different names.
BUT THERE ARE THREE UNIVERSE THAT MUST BE TAKEN INTO CONSIDERATION:
The first universe is your very own universe.

The second universe is the physical universe we all live in and have some basic agreement with. {A tree is a 'tree' because we agreed to call it a 'tree'.}

The third universe is the universe of the 'other person.'

It is the other person's own universe {mind}, quite separate from your's in thought and content, but not in basic and essential energies.

All minds are 'connected' by this energy, and it is in everyone's LIFE, Ego, Emotions, Thought, and Inner Actions.

We call this physical/psychic/PSI

Power:

“Chi”.

It is also the bio-electro-chemico energy in every living thing.

It is also sunshine, electricity and the electromagnetic field around the earth and everybody.

It is Light. It is Love. It is Darkness.

It is what the Christians call the “Holy Spirit”.

It is what the Muslims call “Allah”.

It is what the Hebrew called “The Ark of the Covenant”,

“The Word of God” and “The Holy Bible”.

This same “Spirit”, or Energy is also

known as The Paramatma, and Mother Nature.
All minerals, plants and animals, have this 'spirit' or 'energy' in them as life and the Life-force.
Same as every man, woman, and child.
This is what is meant by God's Spirit, as the inferior energies, 'ruling' man through his hunger and appetites {desires}.
When man is not aware of his inner activities, he does not know that the {GE} or Generic Entity is calling the shots, and this guy {Generic Entity} will follow ANYONE and

EVERYONE if they promise to give him what he wants, like a prostitute. And his or her needs and wants can be plentiful, and very expensive.

The {PE} or Psychic Entity is the next Boss, and as a person becomes enlightened, he learns more about how he or she can control their own bodies and environments, as well as others' minds and bodies, through their own minds.

The {PE} Psychic Entity has ruled man for a long time siphoning Its energy from the {SP} Spiritual Being, for ALL POWER and ENERGY comes from the Spiritual Being

rather a person is conscious of it or not.

Next, is the {SP} or Spiritual Person {Being or Beingness}.

This is not an Entity per say, but in order to address this Godly Potential, we have got to give it a name that best defines what the Spiritual Being {SP} is.

But for now, it is only important to know that the {SP} or Spiritual Being is the real you of you.

You might go through layer after layer of 'false egos', and feel like you are dying a real death, for million of years before you finally come to

realize that you are not your body, or your mind, or your intellect, imagination, or false ego.
As you grow spiritually one of the best ways to know that you are growing in the right direction is when you peel off a false ego which is a ‘unknown or known lie’ you believed, based on faulty or wrong information, and you will feel stronger and brighter, with more real confidence to face the world, knowing that Evil has its’ own reward.
To reward ‘evil’ for ‘evil’ is wrong.
To strike a blow for God for the

further prevention of ‘evil’, is good. This is self-preservation.
If a person has done nothing wrong to you, you have no defense in attacking that person for any reason. However, if that person strikes you, or robs you, or do you wrong, {especially in business practices}, you have the right to deliver an equal or greater blow for the prevention of any further crime.
Also, the Spiritual Being {SP} does not have to strike back, he can ‘do nothing’, ‘be neutral’, or even ‘forgive’ the person to create guilt on the person(s) involved.}

Stay in the Light,
So you don't have to fight.
You don't have to take flight.
You can Stay,
Because you're Right.
Almost everything man encounters teaches him to fail.
Too many failures and man literary dies first in the psyche and next in the physical. Then he is extinct.
Man fails because of a variety of reasons, and the greatest cause of failure is IGNORANCE.
In fact, man must 'know something' in today's modern world, even if he knows nothing at all. Especially

maybe on the subject he is talking about .
TO ‘NOT KNOW’ is like ‘losing your faith’.
You lose it and you go straight to hell, brimstone and all.
Therefore, because man has a dilemma between being ‘smart and being stupid’, he PRETENDS to know where surely he does not.
A person who thinks he knows everything is deluding him or herself.
Even a genius is gifted in one or two areas of expertise, and lack terribly in other fields of study or even doing simple everyday tasks.

To know anything at all is to impose a limitation on the Spiritual Being, for all information is limited by the 'human mind' that conceives it.
It is far, far more important to invent, or create knowledge than to just observe and use it from some other being the same as you are to some degree.
Yet, on the other hand, to keep saying "I know nothing", is a cope out to slack responsibility for what you do know, even if it is only "I know nothing."
"YOU DON'T HAVE TO KNOW EVERYTHING TO KNOW

SOMETHING.”

Even God does not know everything at one time.

And there is no place in the physical or psychic universes and worlds where there is not time.

The reason over 60% of Americans are illiterate is because they cannot come to a state of ‘Not knowing.’

If you thought about it, no matter how much you know, there will ALWAYS be that much more, you DO NOT KNOW.

This is why MetaPsychics students, Spiritual Beings{SP}, Avatars, Illuminatist(s), are ALWAYS KIND

and HUMBLE.

“FOR REAL POWER MAKES A PERSON HUMBLE, NOT ARROGANT.”

METAPSYCHICS gives you more than just a Transcendental Technology to live and grow by, it also gives you the Transcendental Techniques {PSI Exercise} you need to stay on top with robust energy and a fiery, red, hot, WILL to succeed in all you do in The Game of Life.

When you win you are rewarded with PLEASURE.

When you lose you can be Punished or given PAIN, mainly by yourself, or

others for failing.
It becomes a psychic mechanism in which you constantly find ways to fail, to settle an old ‘revenge debt’.
So, no matter how many times you set yourself up to win,
somewhere along in the game you will sabotage yourself or make sure someone, or something else makes you fail to
PROVE YOU WERE RIGHT IN THE FIRST PLACE!
“Daddy should be withering in great pain and agony in his grave by now!”
“If not, wait till he see the red rooster mohawk haircut I got and the

lavender pants that show off my butt just right!”

It is ‘repressed hate’ not anger that should be a sin. That is the real Killer.

If it was not for anger, you would have no outlet for what causes you pain or loss, or is a threat to your home, property, or life.

Be not afraid to be angry.

I did not say be angry all the time, or take it out on the boss, or wife and kids who did nothing to deserve it.

I didn't even say ‘Be Angry’, what I said was, “Be not AFRAID to be angry”, no more than you should not

be afraid to be an EFFECT.

If you know anything about human nature, you know 'monkey see, monkey do.'

If you approach a person in an 'angry' manner, the person, mostly is going to 'adopt' your aura or attitude if they are not high tone individuals, or know they are Spiritual Beings, and act the same way.

They will get 'angry or more angry' and what you want or wanted to get out of the ordeal is already squashed, for WE ALL HAVE EGOS and ALL EGOS ARE IMPORTANT and even

MORE IMPORTANT, as the person is in a position or condition of being poorer, or out of work {unemployed}.
If you want anything done, or any kind of help or support, rather it be from friends, or lovers, business partners, or associates for various activities, you best see people has just as important as you see yourself.
The store who still follows the motto: "THE CUSTOMER IS ALWAYS RIGHT."
even when they are dead wrong, is the guy or girl that is going to stay in business and will be in business tomorrow and in the future.

When mental technologies are employed based on natural laws, you have a foundation based in reality that gives your mind REAL POWER.

When Psychic Power is based on actual principles of PHYSICS, the physical sciences, man is using his psychic power with the greatest chance of getting the desired results he wants in his life.

No matter what Country you are in, or what race or nationality you are, the EVOLUTION of mankind is in the hands of those who KNOW and UNDERSTAND how to USE Psychic

Power.

PSYCHIC ENERGY as defined in MetaPsychics is the use of psychic FORCE over physical FORM.

Not knowing this little factor is the reason most ESP books out there fail to deliver any real results.

Psychic Energy consist of all the energies in the universe. It is only when man UNDERSTAND his true relationship to the Infinite and The Eternal that gives him or her their TRUE POWER.

{Now, if you think ESP is moving physical objects with your mind. Look at a glass in front of you. Now command it to come to you, without you touching it. Count to 10. Notice

the glass did not come to you. Extended Sensory Perception works only through the natural laws of science as all 'spiritual manifestations do'.}

METAPSYCHICS is 'esoteric' as well as 'exoteric' wisdom.

It is not just a book on material knowledge you can gleam from any Google or Bing Search Engine.

METAPSYCHICS covers the whole of life and how the mind interacts with it.

Because we dared ventured out into unknown territories of the mind, we have made some discoveries that are exclusive to MetaPsychics and gives a person such amazing results from so

little effort, it seems like magic or miracles.

In order to better understand the scope of METAPSYCHICS and some of its history, the following data is in chronological order to give you a better idea of the Source of MetaPsychics and how it crosses the major arts and sciences of the world.

METAPSYCHICS is concerned with the basic building blocks of life. We are not so much here to teach and instruct you as we are to give you the basic laws and systems of LIFE

METAPSYCHICS: Advance Science

of Mind so you can construct {create} a better world for yourself as well as others.

One of the basic, basic formula of life is that you can represent all of life in two aspects as 'FORCE and FORM.' Force is unseen form. Form is unseen force.

Between these two everything in and out of existence exist, existed, or will exist.

All Space, Time, Energy, Matter, and mind {STEMm} can be seen as Force or Form.

FORCE is unseen.

FORM is seen.

Since the beginning of time, man has acted and reacted to the FORCES and FORMS in the Universe, calling them Gods and Devils, angels and demons, fairies and elves, depending on how scared he was of them {or in favor}, and if they assisted them in his survival.

In order for man to relate to these Forms and Forces, better, man developed dances and rituals, and experimented with the elements of the earth which was shunned by the organized Church.

So, man's first relationship with the Forces and Forms of the Universe

was MAGIC.

MAGIC

Magic is the first foundation of all religions and sciences of mankind. Crude as it may seem, magic was employed to help man relate and use the FORCES and FORMS of Mother Nature and the Cosmos.

From magic came the discovery of the five basic elements of life.

They are, Fire, Air, Water, Earth {the Forms}, and Akasha or Prana {the Force} which represented the Life-Force behind the force {life}, or the life-giving Spirit.

Because of man's ignorance and

mostly FEAR of the unknown, magic was praised when the townspeople saw good results, and condemn when they saw bad results, or mistakes.
But soon magic was banned and even worst was seen as antithesis to religion.
And religion with it's Vengeful God, and burning pit of hell, soon took center stage.

<u>RELIGION</u>

Religion brought about a relationship to the Forces and Forms in the Cosmos. It made them a family.
Religion deified the Universe.

It did this by telling a story so impossible to believe that everyone believes it as if it were ‘Gospel Truth’.

The Story goes as follows. There is this Supreme Creator who created these pathetic inferior {to Him} beings and gave these ‘imperfect human beings’ a book and said this was His Word…AND ONLY WORD FOR ALL ETERNITY… and then some.

And everybody believed that too.

This most popular book, of course is the Holy Bible.

The other sacred text books are ,The

Koran, Dharma, The Teachings of Buddha, The Writings of Lao Taz, and many others, including, The Jehovah Witnesses and John Smith who wrote their own version of the bible.

And L. Ron Hubbard, the founder and author of Scientology, who followers view his writings as sacred.

The point I am making here is that I just don't believe a God of zillions of universes could put all He knows in just one book!

Though the bible is seen by most as the only word of God, it always puzzled me how Christians don't

understand how Muslims see The Koran as the ONLY word of God...to them.

And orthodox Jews see ONLY The Torah as the ONLY , TRUE, WORD OF GOD.

Religion actually brought about a lot of evil, but the good that religion can be remembered for is that man now could relate to the Forces of the Universe and the Forms of Mother Nature in a 'personal' way.

He could be a Son of the Universe or a Son of God.

We are all Citizens of the Universe called by various names, but all

religions calls this ‘rebirth’ a ‘personal relationship with God.
In MetaPsychics, man needs no mediator between himself and God. God is in him and man, as his soul is his own mediator between God and himself.
Actually there are FOUR MAJOR VOICES in man spiritual make-up. They are:
The Supersoul or God.
{The Source Point has no location or form}
The soul, or man has a Spiritual Being {SP}.
{Duplicate of the Supersoul, Speaks

as The Supersoul}.
The Psychic Entity{PE}.
{Created by the Spiritual Being {SP} knowingly or subconsciously, or by The Superconscious.
{Speaks for the mind or Intellect and physical body}.
and the Generic Entity or {GE}.
{Speaks for the physical body}.
Religion was needed at one time, but today, since the church is shrouded in mystery and darkness with a little bit of light it has become BAD RELIGION.
Rather man was created by God or always existed in some force or form,

man wanted to know why he existed in the first place.
Why was he created except to just serve our Creator?
Who does the Creator serve?
Krsna?
Man desired to know more.
It was not just enough to know that some Creator created us and now we had to figure out why he was created us in the first place, outside of worshiping at his thousand petal feet.
Man did not question the existence of God. He questioned the existence of himself.
Thus Philosophy was born.

PHILOSOPHY

Philosophy became the cornerstone of man's belief Systems. And the study of the fundamental ground of man's beliefs.

Whereas religion gave man a more personal relationship with the Cosmic Cosmology.

Certain men were not satisfied with just knowing that Force was like God and angels, and Form got the negative end of the stick and the material, and especially material progress, or material gain was viewed as 'evil' by the church. Material growth is the same as

Spiritual growth. You don’t want to stop either one.

As man questioned the nature of God and man, philosophy developed and became the foundation of the liberal arts, medicine, law and theology, and the sciences.

Now, once again, man was perceiving the universe in a new way, even if the church decided the world had four corners and you could fall off the deep end, this did not stop the advent of science and man’s search for truth.

Now Force and Form could be seen as Energy.

Things like ego, character, morals, and how man related to spirit and nature were the main themes in Philosophy.

If there were a common ground for man to unite his objective view with his subjective view it was ENERGY. And ENERGY belonged to the field of Science.

SCIENCE

Science, in one sense, is an accumulated systematized scope of knowledge

as related to the physical world. Mankind, with his newly evolved mind now could make fantastic

discoveries in Force and Form as it applied to the physical world.
This gave way to physical laws that not only govern the physical universe {STEM}, but also earth, the physical body and mind {STEMm}.
Science was not in opposition to religion, religion was in opposition to science and anything that did not agree with their tenants.
What is so bad is that even within the Christian sect, their leaders cannot agree on a lot of things like rather Jesus was divine or not, or just a very ordinary man.

{TRUTH has four components to it, and they are: Place, Event, Form, and Time. If any one

or more of these elements are missing in a statement or story, it ISN'T REALLY TRUE.}

Religion goes from Force to Form and that is why 'faith' is needed. Force cannot be seen and people think you have to 'believe to know' force.

Science studied form to force and discovered some fantastic things like Quantum Physics and the Theory of Relativity.

One deals with the infinitely small and the other deals with the infinitely big.

Science proved that the universe consist of a static and a kinetic, and that the static/kinetic man and

woman actually are connected to a Greater Static which is Perfect from any other viewpoint.
This Perfect Static in the universe and in man, we call God.
Others have no idea that it even exists.
METAPSYCHICS has proven the existence of God where religion has not.
METAPSYCHICS was able to cover both the physical and psychic part of man and this gave birth to, Psychology.

PSYCHOLOGY

Psychology is the study of human

behavior, or why man does the things he does.

Now, man was ready to take on the whole mind.

But with one big, erroneous mistake.

The basis of Psychology was based on the fact that man came from an ape. Mankind was only an out-of-control monkey man who could be trained, like a dog, to do almost anything he set his mind too.

Man is an evolving 'human', not an evolving ape man.

Man could take control of his body, mind, and world, but he was limited to just being a glorified animal.

It was the ‘man to ape’ theory that ruled and the ‘soul’ of man was left out.

Again, the soul of man was left out and in 1882 Baron Reichenbach coined a new name for the Odylic or Force of the body, nature, and the mind. He called it Psychic Energy. Psychic Energy was not only stronger than physical energy, it could also control and use Physical Energy for the benefit of the individual, family, or group.

With the advent of Psychic Energy, new discoveries were made and then in 1969 a new science emerge from

psychology, it was called Parapsychology.

PARAPSYCHOLOGY

ParaPsychology in a nutshell, is the study of telepathy and other mental powers.

Volumes of books and articles have been written on ParaPsychology, but very few of them have any value to them teaching mankind some kind of pseudo psychic powers that had no real results in the physical world or psychic world.

Parapsychology first mistake was in saying that man had EXTRA-sensory perception, when it should be

called EXTENDED-sensory perception.
Man, or woman has no extra anything in their heads or bodies.
As one grows spiritually, his own dormant powers come to hand.
Man can contract or extend his senses at will.
It may seem like extra, but it is not, only extend.
You see, man suffers from what he 'believes' BECAUSE it is NOT 'believable'.
This is like NOT knowing the difference between 'willing', and 'wilful'!

Somehow the two words have been taken to mean the same thing, and they are wholly two separate identities.

The mind only acts on that which is 'believable to it', not what you believe.

The mind is like a servo-mechanism and it does work according to what you think, but it also works without your conscious thinking {consent}.

All Psychic Powers come from a normal, but extended viewpoint of the very ordinary senses. When one is enlightened, he does not get any 'extra' senses, he gets "EXTENDED"

senses.

All his senses become more acute, and their range is extended.

With this right definition for what E.S.P. really is METAPSYCHICS could now venture into the field of ParaPsychology with the most accurate data available to mankind.

MetaPsychics is concerned with making Paragons and Denizens.

Parapsychology got into trouble for not regarding the ‘soul’ in it’s practice and a lot of ESP nonsense hit the stands for people who wanted psychic powers.

People preyed on people with

inflated egos
and honest seekers fell prey to a lot of books on ESP that did little to teach one how to use Psychic Powers properly.
One does not have to be supernatural or have supernatural powers to use Force and Form in a natural way.
Parapsychology also failed to give man the proper tools he needs to use the powers of his mind.
But it did let us look into the mind of man and discover that he is the greatest potential in the universe. Under God.
Whereas Parapsychology deals with

the powers of the mind and what they can do, MetaPsychics help you create the right persona to operate your psychic powers in.

And, MetaPsychics follows the natural sciences of Physics, Metaphysics.

On the surface, there is little difference between right and wrong ESP, but

METAPSYCHICS took out the useless jargon and by introducing the Spiritual Being {SP} in the picture, it is easier to use your psychic powers.

It is what the mind can 'understand' that it can use, not what it can

believe.

Understanding is paramount to knowing. One wants to know to understand.

METAPSYCHICS also transforms psychic energy into spiritual energy {PSI Power}, so that is part of one whole force that can be used for great results.

<u>METAPSYCHICS</u>

METAPSYCHICS is basically 'knowing outside the mind.'

It is an evolution of a spiritual science of mind. It literally means 'Above the Mind.

The first idea is to make the good

and bad parts of your imagination your friend.

The next part is to make your mind and keep your mind as your best friend.

You have no enemies within you, you do not have to fight, unless you create your own opponents to fight, out of sheer boredom.

Next, MetaPsychics entered the realm of the Unreal.

Unlike all the rest of the other sciences before MetaPsychics, METAPSYCHICS was among the pioneers of a new science that included religion or the

‘spirit’ aspect of man’s life.

Again, the forerunners of MetaPsychics failed because they did not add the secret ingredient that is necessary for All Life. That, “LIVING THINGS {BEINGS}, HAVE LIVING SOULS.”

The lowest entity a man can be his own {GE}.

Next he advances to become a {PE}.

And with training he can become a {SP}.

{There is a level above {SP} or Spiritual Person (Being)} but that is taught in the PARAPSYCHICS series of METAPSYCHICS.}

One of the major axioms of METAPSYCHICS is:
“A GOOD SCIENCE IS A SIMPLE SCIENCE.”
In other words, we are not here to impress you with big scientific jargon and words you do not understand. That is why there is a glossary of words in the back of this book.
It is important to note that if you find yourself getting bored, sleepy, tired, or falling into unconsciousness a lot, you need to go back and find a word YOU DID NOT KNOW THE FULL DEFINITION OF.
This cannot be stressed enough.

It is a known fact that a person gives up a course of study due to 'undefined words'.
This is one of the major reasons we have such a high drop out of kids in high schools today, simple, but extremely deadly.
Don't take this for granted. It is a proven fact that if a foreigner came to America, not even knowing the English language very well, took to reading a dictionary and within two years not only would he know and speak English, well, and fluency, but he would also be smarter than 60% of most Americans in our Country

who are deemed illiterate.

Looking up words you don't know, and think you know but don't know, can increase your I.Q. remarkably.

Enough said?

NO!

If you do not do this you will succeed… SUCCEED AT FAILING!

Look up words you do not know and you will not only be more conscious of your surroundings, but you will brighten also.

In METAPSYCHICS there is nothing you have to believe, and you are welcome to keep your 'old time religion beliefs' if they serve you

well.

It is our purpose to make you a Master of your fate and not the slave of it.

METAPSYCHICS will introduce you to new terms. If they interfere with your current ‘belief system’, disregard them until you are more certain about changing your mind. Or not.

{Again, we are not here to change what you think, but THAT you can ‘think’ at will on any subject you please.}

METAPSYCHICS is an experience in the final analysis.

It will take you from Point A to Point Z, and beyond.

Just like the good Jews of long ago who worshiped Adonai, the god of Light and Total Freedom, so we carry that torch forward through the annals of man's history, to arrive here and now, in this day and age with the same message, only improved so that modern man can come to
KNOW,
UNDERSTAND, and
USE,
this infinite Power, Available to all. For God is Good, Supremely good in the Ultimum.
METAPSYCHICS gives you a firm

foundation where you can launch your own psychic powers and build the universe you want to live in, and have who you want there.

By reading METAPSYCHICS, you will greatly increase your chances of survival as a Human Being, even though you are in reality, a Spiritual Being {SP}.

METAPSYCHICS, being an Advance Science of Mind, reiterates positive postulates in order that you can remember them with less effort.

As a science of spirit, MetaPsychics gives you the most advanced psychic and Psi information available to

mankind today.
As one advance in METAPSYCHICS, he also has the opportunity to learn Transcendental Technology in the Upper Strata of METAPSYCHICS.
METAPSYCHICS took over 30 years of research, codifying, discovery, and writing to give you the most precise and accurate book on 'spirit as energy' in the world today (2017 AD).
It is a gift to mankind and any cost is only to ensure METAPSYCHICS is made available to all here, now and forever.

METAPSYCHICS end results are a Paragon and Denizen.
Both are Highly knowledgeable, and functional Spiritual Beings {SP}.
METAPSYCHICS does not have to have all the answers to resolve and solve all the problems of mankind.
“ONE DOES NOT HAVE TO KNOW EVERYTHING, TO KNOW SOMETHING.”
And METAPSYCHICS does give definite and definitive answers on the reason and purpose of man’s existence.
METAPSYCHICS does not have a monopoly on Spirit, Wisdom, or

Truth.

No one.

No church, group, organization.

Even to write or speak of Spirit or

The Superior Energy,

Is to limit The Superior Energy.

But METAPSYCHICS does supplies man with the

“Perfect Paradigm” to “put” this ‘energy’ in and build his dreams on {in}.

METAPSYCHICS is for anyone who wants to greatly enhance, entertain, edify and enlighten their life, or someone’s else's.

The Evolution-Involution

Continuum is one of the reasons METAPSYCHICS was created and discovered. MetaPsychics works because it is based on natural facts, laws of the Universe, the highest concepts of science, good religion and philosophy.
It invades the corrupt fields of Psychology,
ParaPsychology, and Psychiatry.
And most important, MetaPsychics has it's core foundation in mathematics, the only 'perfect system' in the physical and psychic Universes.
The Primary Product of

MetaPsychics is a Paragon.
{Since a DENIZEN is nothing more than an Advanced PARAGON, once a person is a PARAGON, he has the choice to be a DENIZEN or not.}
A Paragon is the most powerful being in any universe.
But he is only Master of his own universe and others he puts under his control or not.
Man in ignorance operates as an effect of Something.
Be it God, the Universe, Christ Jesus, Allah, Astrology, Magic, The Tao, Buddha, and so on.
Man today TRIES to be

UNCONSCIOUS.

This is why the influx of drugs, and why the Pharmaceutical companies are the biggest income making businesses in the world.

The Paragon is TOTAL CONSCIOUSNESS.

Man today TRIES to BE an EFFECT.

The Paragon is not only Cause, but FIRST CAUSE in all Universes.

Therefore the purpose of METAPSYCHICS is to take you from being a conscious, or unconscious 'effect' to being FULL CAUSE of your life, body, and mind.

Man aspires to be a Paragon {Spiritual Being {SP}}, because this is his true nature. The same goes for women.

If there ever was a 'devil on earth', his mission would be to keep this information from you.

For if you discover your true Self, the devil, or any other entity, positive or negative, cannot deceive or harm you anymore and they must vacate for dumber game.

A Paragon is a static of a Perfect Static.

The mind or psychic is a static/kinetic.

The physical body is a kinetic.

The Kinetic is the

True Ego,

Emotions,

Intellect,

Mind,

Reason,

Logic, and

Sense of Play.

The Nature, Reason, Purpose, or Belief of what The Perfect Static is, is not necessary at this time, to produce a Paragon/Denizen.

METAPSYCHICS evolved out of all of the sciences before it, including the liberal arts.

You cannot create a Paragon, for a Paragon always existed.
If there is an Eternal Force of the Universe, than the Paragon/Denizen represents this Force and Form is not created by it, but possesses all the creative ability of this Force.
Therefore, all MetaPsychics have to do to evolve the Paragon/Denizen is give him or her the information they need to 'involve' themselves, or their minds, body, and world
Into higher states of consciousness and being.
METAPSYCHICS does not claim to

heal or restore the physical body to any kind of healthy state that it is already in.

However, I have seen remarkable improvement in body types, shapes, and forms.

This happens because MetaPsychics give the mind the 'Perfect Paradigm' for the Paragon to work with that produces seemingly remarkable miracles and magical results in both the psychic and physical worlds.

One of the major themes of METAPSYCHICS is that we use the Theory of Evolution to imply that this is the 'human' and 'earthly'

blueprint that God used when He created man and the physical universe.

This is not an original theory and whether there is a Divine Intelligences behind it all is of no consequence to know that the earth and the things of the earth are evolving.

Though it is a natural law that things left to themselves will atrophy.

But if we think of God's Spirit being in the Universe and acting as, or using Evolution to slowly increase the progress of man from an 'human body' to a Generic Entity {GE}, Po

psychic Entity {PE}, and finally his true, original nature as a Spiritual Being {SP}.

God did not create the Spiritual Being {SP}. The Spiritual Being {SP} is a duplication of God or the Infinite Mind perfect idea of yourself if you had total freedom and full abilities that were greater than the laws that govern your mind and the physical Universe.

When the Theory of Evolution was introduced with the 'Natural Selection' idea, it was not complete and there were many loopholes in Darwin's Theory, including the

biggest lie that man evolved from apes.

Without going into a lot of detail about this, EVOLUTION could be seen better as a 'Process of Grace'. Man is getting better and better by evolution, but he can reverse this process, and he does daily by the choices he makes that tear his mind and body down instead of build it up and make it healthier, and his mind richer.

If man fails to do anything to improve his life, his life will go to the dogs.

The world is conditioned to 'make

you go to the dogs'.
You are programed to do yourself in, in the name of all that is good, not evil.
When man fails to help himself out, taking little or no responsibility for his life he is in a state of DEVOLUTION.
Devolution is the decrease of man's physical and psychic powers in the world.
If man does not have his own power,
He will "buy" it elsewhere,
Thus the hub of the marketplace.
And the frenzy of the rat race.
When man helps himself out it is

called INVOLUTION.

This would be where MetaPsychics fits in. Involution is the saving grace of mankind,

It literally means that man pulls himself up by his own bootstraps.

The Evolution/Involution Continuum is not natural at first, but without man's input it can deteriorate into a worse state for man. With the help of MetaPsychics man will be able to continue this Continuum and reach higher states of being and intelligence.

Once a person realizes that he is a Spiritual Being {SP}, or Infinite

Person, It is important that he maintains his position as a Spiritual Being {SP} by studying and doing his PSI {Spiritual} Exercises that will keep him high on the tone scale of existence.

In other words, it is not just enough for a person to Know he is a Spiritual Being {SP}, He must also act or function as one also.

THE PARAGON's HANDBOOK was created for just this purpose.

FUNCTION.

For a person to FUNCTION as a Paragon or Spiritual Being {SP}.

To discover and help mankind

function as individualized ‘spiritual sparks’ that function as kind and considered PSI Beings.
This ‘spiritual spark’ is LIFE.
And we equate LIFE with God.
The All in All.
The Source of All things seen and unseen.
Once this knowledge is realized by man
He is then free to do as he pleases, for no Spiritual Being {SP} seeks to harm another.
Even, when they themselves, are ‘thought’ to be harmed.
METAPSYCHICS: Advanced

Science of Mind, and THE PARAGON'S HANDBOOK, are the only two MetaPsychic books you need to function as a Spiritual Being {SP}.

All else is to only increase your beingness and power as a Paragon or Denizen.

All the basic text, formulas, symbols, and transcendental data you will ever need is within these two books.

However, the more you know the better you can master and use the PSI Power in you that the state and Church tries to keep from you.

The Evolution of MetaPsychics is the

Involution of the Paragon/Denizen to end the Devolution of the individual soul as well as the downward spiraling vortex of the human race {World-wide Devolution}.

As a Paragon/Denizen you are no longer subject to the bonds of karma.

In fact, you will be able to create 'good or bad karma' for yourself, and others at will.

You are removed from the Illusions and Delusions that keep man in darkness and useless, as well as helpless.

You are a Spiritual Being {SP}.

YOU CAN NOW DO SOMETHING

ABOUT IT!

THE CHART OF THE EVOLUTION OF METAPSYCHICS

Man as a child began his life,

Not with the fear of the Unknown,

But with

WONDERMENT of the Unknown.

Next came

MAGIC then

RELIGION then

PHILOSOPHY next came

SCIENCE

then

next came

PSYCHOLOGY

PARAPSYCHOLOGY then

PHYSICS

METAPHYSICS

then finally,

METAPSYCHICS.

METAPSYCHICS is a

religious/science/philosophy, and

applied Transcendental Technology.

“It works, when you work it.”

“It works where you work it.”

METAPSYCHICS: Evolution of a

Science of Mind.

METAPSYCHICS literally means

‘above or beyond the mind.’

Since man needs a mind to think in,

to be more correct when we say the Spiritual Being {SP} or Paragon is beyond the mind, we mean the 'limitations of any mind' imposed by the Spiritual Being {SP} himself, but normally, unconsciously, as another person, or entity.

All Power is generated and enforced by the Living Entity or Spiritual Being {SP}.

The Paragon/Denizen is the most powerful entity in any Universe, even God's.

God's Universe consists of your Universe, the Other guy's Universe, and the Physical Universe.

Then there is YOUR OWN UNIVERSE.
The UNIVERSE OF THE OTHER GUY'S and The PHYSICAL UNIVERSE where opposite attracts, all is dualistic, and all is SEEN and UNSEEN MATTER, or various FORMS of ENERGY.
Force becomes Form. Form becomes Force.
METAPSYCHICS is a new science.
It is as old as it is new {Fresh.}
It is a science of basic FORCE and FORMS.
METAPSYCHICS is also a new discovery.

The advent of THE SUPERCONSCIOUS MIND located above THE AESTHETIC MIND of the Psyche, is a new discovery for mankind.

The SuperConscious mind is active, even after the slave or subconscious mind is empty of any painful or crippling content {false data}.

METAPSYCHICS gives mankind {and by mankind, we mean every man, woman, and child.} a mental and spiritual

technology he can actually KNOW, UNDERSTAND, and USE {KUU}, for the betterment of himself, his

mate, his family, friends, loved ones, business associates, and foes.

With MetaPsychics a person can convert physical and psychic energy into Higher Intelligences.

METAPSYCHICS is based on the fact that the ‘soul’ or Spiritual Being {SP} of man is not inside his Physical body, but OUTSIDE of it.

The Physical body is encased in the Soul of God, and when man realizes this Soul is also his private, personal, and Impersonal ‘soul’, he now knows ‘the void is no void.’

“MOTHER NATURE ABHORS A VACUUM, SO GOD FILLED IT.”

METAPSYCHICS is built upon the best minds the world has ever known and gives mankind a 'Knowledge and Understanding' that up to now, was not available to mankind today.
METAPSYCHICS gives mankind "THE ULTIMATE GROUND OF REALITY".
The Ultimate Ground of Reality is a perfect foundation and forms a basis from which man can evolve/involve into higher states of being and doing, and havingness.
METAPSYCHICS is able to help man regain his integrity and confidence he loss as a child or adult.

METAPSYCHICS

METAPSYCHICS is ‘The Ultimate Ground of Reality.’

METAPSYCHICS means ‘Above the abstract/slave mind.’

METAPSYCHICS is an ‘expanding science of mind,’ though complete in it’s application.

METAPSYCHICS goal is a functional or operational Paragon or Denizen.

METAPSYCHICS posits that there is ONE and ONLY ONE GOD and ONE SPIRIT in the Universe from which we all came from and shall return. And you can know,

understand, and use as PSI, Psychic, and Physical Power to make the earth, as well as ourselves better.
In the science of MetaPsychics, Spirit is called Anti-mater.
Anti-mater spins in reverse to physical matter as we see it.
Anti-mater cannot be seen, and since the soul is made up of anti-mater it cannot be seen either.
God would be The Source of Anti-mater and everything created by It.
Anti-mater can be perceived in Its' unseen manner or as an abstraction {force}.
And it can be perceived in it's seen

manner or as concrete {form}.
Abstract {force} and Concrete {form} matter are only by-products of Anti-matter.
{Just as 'believing' is a by-product of 'knowingness'.}
Anti-mater makes up the Psychic Force of the mind, the physical Force of the body, and the Physical Form of the body.
Anti-mater also makes up or creates the 'Dark Matter' and 'Dark Energy' of the Physical Universe, and is present everywhere.
METAPSYCHICS states that the meaning and purpose of life is the

decision of the Spiritual Being.
The Spiritual Being {SP} has no actual meaning or purpose seeing how it always existed and never will stop existing in some shape {force} or form.
METAPSYCHICS posits that man is basically good, but mankind is not, being deceived and constantly reprogrammed into the same old destructive program that robs him of his vitality and strength.
METAPSYCHICS states that the reason and purpose of life and the LIFE-FORCE is to SURVIVE.
ALL LIFEFORMS ARE EITHER

SURVIVING,TRYING TO SURVIVE , OR IS SUCCUMBING.

The World teaches man to survive by death and dying.

This is basically the way of the cross, and most major religions today.

METAPSYCHICS teaches man how to survive by living, giving LIFE and freedom!

This is living a life of freedom and responsibility in contrast to living a life of bondage and slavery to fate, or one's own mind.

METAPSYCHICS states that a 'good science is a simple science.'

Words are only symbols with various

meanings and values.
They can be used in a positive or negative way by anyone for good or bad results.
Therefore, any science that would serve mankind would be understood by the most people in general, not just the savant.
The mind is not a brain. It is the 'feeling part' of The Spiritual Being {SP}.
The mind is actually the 'communication line' of the Paragon/Denizen to its physical body and world.
In MetaPsychics, the mind of the

Paragon/Denizen is known as the “FEELING MIND.”

The mind sends out ‘feelers’ {tracker and reflector beams}, to ascertain the information from the physical body and world, and Universe.

METAPSYCHICS DOES NOT endorse, nor teach ESP {Extra Sensory Perception} but teaches ESP:{Extended Sensory Perception}.

If Metaphysics means ‘beyond the physical’,

METAPSYCHICS means ‘beyond the mind or psyche’.

If Metaphysics means “Mind over Matter”.

METAPSYCHICS means “Spirit over Mind”.
If Metaphysics means “Being CONSCIOUS.”
METAPSYCHICS means “BEING SUPER CONSCIOUS”, or ‘conscious that you are conscious.’
If Metaphysics means ‘knowing that you are aware.’ METAPSYCHICS means ‘knowing that you are aware that you are aware.’
METAPSYCHICS evolved out of the fields of
PHYSICS and METAPHYSICS.
Whereas PHYSICS, cover the physical aspect of man and his

universe.

METAPHYSICS, covers the mental or psychic part of man and his environment.

and

METAPSYCHICS, {A new science under the Sun} is about the Spiritual aspect of man and how he can

BE

DO and

HAVE

all he desires in this world and the next, Here and Now,

While he is still alive in or out of his body, as a Paragon or Denizen, the most powerful being in any Universe.

And by recognizing God's Spirit as Life and Energy, the Spiritual Being {SP} can bring about amazing results in the physical and psychic worlds.

"Where Love reigns and Reason keep faith with Truth. No fear is a reality."

"The Being that you are looking for; Is the Being who is doing the Looking."

THE EVOLUTION AND INVOLUTION OF METAPSYCHICS

As a child, man began to wonder about himself and what was around him. He looked for the meaning and

purpose of his life and life in general.
He soon recognize a FORCE in nature that could be used to heal and help himself and the people of his tribe.
This Force was found in rocks and minerals, plants and water.
The air and the fire contain this Force.
And this Force plays an intrinsic part in relationship to the human body.
In MetaPsychics this natural FORCE is known as ‘SPIRIT’ in religion and ‘ENERGY’ in science.
Man not only can KNOW, UNDERSTAND, and USE this

FORCE.

HE IS ALSO MADE UP OF IT AND IN CONTROL AND COMMAND OF IT AS PSI, PSYCHIC, AND PHYSICAL POWER OR ENERGY.

When FORCE was studied in Nature it became the science of PHYSICS.

When Force was studied as a 'product or vibration' of the mind, it became the Science of METAPHYSICS.

Now that man was in control of his mind, it had to be determined WHAT was controlling his mind, and WHERE was the best Command Post.

The mind is not a ‘brain’ but the communication and control system for the Paragon/Denizen.
METAPSYCHICS gives mankind a ‘Perfect Paradigm’.
This is a structure of the mind that the Paragon/Denizen can
KNOW
UNDERSTAND and
USE
to create and Cause any kind of effect in the PSI, PSYCHIC, and PHYSICAL UNIVERSES, AND EVERYTHING THAT IS IN THEM.
The Paragon/Denizen can act as a Cause or Effect. What is special

about a Spiritual Being is that he can act as FIRST CAUSE and second cause, as well as be an effect of its own, or someone's else CAUSE.

The Paragon/Denizen achieves this through a perfect communication and control system called a PARADIGM.

The Perfect Paradigm

The dictionary defines 'paradigm' as a 'model or pattern'. At this time we are not concerned with any of its other meanings.

MetaPsychics uses a Paradigm to construct a 'perfect model' for the Paragon to control and communicate

with Its body, world, and Universe.
To put structure to something, or to recognize a ‘design or pattern’ to something is to understand the ‘intelligence’ behind that thing.
By giving the Paragon/Denizen a ‘perfect vehicle’ to operate in, MetaPsychics proves to be a precise and perfect science of mind for anyone to USE to make any life better.
So a Paradigm is a ‘perfect pattern or blueprint’ that give exact and tangible results, given that it is supplied with the proper data.
The mind cannot make a mistake if

given the right data to compute. The mind cannot compute wrong, it can only compute 'wrong or missing data'.

METAPSYCHICS would be the 'perfect paradigm' for the Spiritual Being of Man.

It is not the only 'perfect system' the {SP} can use, but it is ONE that is available to mankind Here and Now, today for his Education, Edification, Enhancement, and Entertainment.

A person does not have to 'believe' in MetaPsychics for MetaPsychics to work.

A Paradigm is not a 'belief system',

but a ‘system of data’ that the Paragon/Denizen USES to communicate and operate a physical body in a physical world.

A Paragon likes to play.

His or Her work is Play.

Thus he has a hard time in the Physical worlds today. Because mankind has lost his sense of play.

{Because the ordinary human being is betwixt by so many material and immaterial problems, everything is taken seriously, or super - seriously. The Paragon/Denizen void of problems cannot take this ball of clay so seriously. This is why the Paragon/Denizens laughs way, way way, more than he or she cries.}

Even the Playground is getting

smaller

everyday.

METAPSYCHICS gives mankind back his Playground.

A Paradigm is a model or structure.

If something is structured it has Organization.

If it is organized it contains INTELLIGENCES.

METAPSYCHICS IS A PERFECT STRUCTURE OF THE UNIVERSE, WORLD, MAN'S MIND AND BODY.

THERE IS a BEGINNING, MIDDLE, ENDAND THE ETERNAL. THERE IS NOTHING

BEYOND THAT, OR EVER

WILL BE.

THIS IS WHY IT IS CALLED ‘THE PERFECT PARADIGM.’

Minerals, plants, animals, humans, everything in Nature has some sort of Structure.

Therefore everything possess some degree of Intelligences.

“THE UNIVERSE DEPENDS ON THE ATOM.

THE ATOM DEPENDS ON THE UNIVERSE.”

Even if that intelligence is only seen as structure or form.

Once something is structured, it is

taken out of it's chaos and confusion.
Therefore, METAPSYCHICS gives mankind a 'perfect cosmic universe' to work, play, and rest in.
This Playground is your backyard. Your own mind.
Because METAPSYCHICS is so structured,
"MAN CAN KNOW THAT HE KNOWS."
There is nothing to 'believe' in MetaPsychics, either you agree, or don't agree.
What you don't agree on, does not matter now,
but what you DO agree on is the info

you NEED
Here and Now for your Spiritual Development.
A Paradigm is a symbol.
The Paragon/Denizen is not a symbol but a VIEWPOINT.
He or she is the ONE creating and looking at the symbol. Not being it.
The Paragon/Denizen is Cause and willing effect.
The mind and Psychic Entity are always the effect of
The Paragon/Denizen, Knowingly or Unknowingly.
METAPSYCHICS discovered that there is no difference between a

Superior Being and a Superior Principle.
They both serve the same purpose, and we are only looking at a difference in terminology.
Superior Being or Beingness belongs to Religion and Spirituality as an Absolute Principle belongs to the field of Science.
Religion is man-made, like when man takes a natural herb or element of the earth and turns it into a deadly, slow-working poison for fun and profit.
{Cigarettes would be one of these.}
Spirituality is the deification of

Nature and yourself.
It is seeing God or God's Spirit {Love, Joy, Beauty, Wisdom} in everyone and everything as a Spiritual Being{SP}, Paragon/Denizen.
YOU ARE A DUPLICATION OF GOD, AS IS EVERYONE ELSE.
The only difference is that YOU KNOW IT, THEY DON'T.
This is why you are Enlighten now. You KNOW that you are a Paragon or Denizen, Here and Now. And Forever.
You are not your body. You are not your mind. And you are not crazy.

There is not a whole lot of information out there that tells you you can't leave your physical body, transcend your ‘limited mind’. Reach your Unlimited Mind, or Universal Mind {available to everyone}, and Use the Powers of this mind to do what are called miracles and magic in the psychic and physical worlds.
If there was ever a Divine Plan of God for mankind, This is it!
And what makes our Paradigm works is that it's based on The Laws of Physics, MetaPhysics,

The Grand Theory of Relativity
{The very big} and
Quantum Mechanics.
{The very small.}
You are an Insider.
Everybody else is outside.
And you will have a better time
trying to sell ice cubes to an Eskimo
than trying to convince an 'Outsider'
that you can operate outside the
bounds of you body and mind
without dying or being insane.
Therefore METAPSYCHICS gives
you "The Ultimate Ground of
Reality" for you to build upon.
It is 'Ground Zero' from which all

things are created.

We give you room to create your own Universe, and get out of the unhappy universe of another. Or your own.

METAPSYCHICS discovered "The Absolute Principle" of the universe.

"EVERYONE AND EVERYTHING IS TRYING TO, OR IS GOING TO SURVIVE."

By having a technology based in reality and not science fiction or superstition.

METAPSYCHICS gives you answers, Not promises.

It works if you work it!

It works when you work it!

With the discovery of anti-mater, {This Energy makes up The Superior Energy and the Inferior Energies} we have the substance God is made of and the substance of what God used to create People, Places, and Particles {things} {PPP}.
You, God, and Spirit are composed of Anti-mater.
Anti-mater or Spirit is PSI ENERGY.
PSI ENERGYworks on DARK MATTER and DARK ENERGY and created all the worlds and universes, plus man, woman, and all the creatures and plants and things we

find on earth for our use and comfort.
This invisible anti-mate becomes a FORCE or Energy that can locate Itself, expand or contract, and can control a body from a distance, far far away from mother's, or your own physical, prying eyes.
Or any Judgmental God you created or was created for you.
But more on that later.
Right now,
You need to hear some of the Theory behind
METAPSYCHICS, so your mind will accept it 'TRUTHS' easier, and with

Certainty.

There is now real help and True Hope for this world, If mankind will only use it.

He can be certain of who he is and what he can do. He is unlimitless and has no limitations except the one he imposes on himself or let 'others' impose on him.

So, as you discover METAPSYCHICS, you are actually discovering yourself.

THE CRYSTAL FLOWER

The symbol for METAPSYCHICS is THE CRYSTAL FLOWER.

It's full meaning is of course found in

MetaPsychics, but it represents ‘the body of knowledge of the Paragon or Denizen.’

The more sane a man is, the more he sees the difference in things, as well as the similarities.

Just like The Golden Flower is a symbol of Buddhism, and the Cross a symbol of Christianity, so is THE CRYSTAL FLOWER a symbol of Justice, Equality and Freedom.

Here are some of the key points of MetaPsychics that sets it off, above, and beyond the rest.

These discoveries could not be classified before the summer of 1953,

for the data was not available to man at that time.
But with much research and patience we found what we were looking for.
It is the goal and purpose of METAPSYCHICS to reach as people as It's can with the News of Enlightenment.
Everyone is not enlightened, nor should be.
"Timing is Everything."
Because the Paragon/Denizen has no mass or time, or wavelength, time does not exist in him.
This means that linear time is false.
IT IS A LIE or an ILLUSION.

Time is actually Created by the Paragon/Denizen.
There is Linear Time.
Cycled Time.
Eternal Time.
and Transcendental Time.
The Eternal Being is greater than the Psychic Entity,
As the Psychic Entity {PE} is greater than the Physical Entity or {Generic Entity {GE}}.
What is known as Spirit and God's Spirit in Religion is known as ANTI-MATER in science.
Anti-mater particles spin in opposition to other particles and

actually alters, creates, and destroys physical matter.
Anti-mater makes up the Dark matter and Energy of Outer Space.
It is a Life-giving Energy and is known as THE LIFEFORCE of all.
You can reduce or expand everything in the Universe
to ENERGY.
Space is separated particles.
Matter is condensed particles.
Spirit is Cause, and
Matter is effect.
By having a real basis of reality for a foundation, you have the building blocks of life to create the kind of life

you like or want, or, improve or enhance the wonderful life you have right now.

METAPSYCHICS is very simple, for it is based on the reality of Physics and MetaPhysics, and the exact perfection and precision of mathematics.

A simple science is a 'good science', for we have taken thousands upon thousands of words and taking them and redefining, delineating, and codifying them into a complete science for a Paragon or Denizen.

The insane man as well as the ordinary man, and savant can

benefit from MetaPsychics.
For unless the ordinary man and the neurotic, and psychotic man can read KNOW, UNDERSTAND, and USE, METAPSYCHICS,
or work would had been in vain.
But it is not.
In fact, we are moving in the opposite direction, And picking up momentum.
It is just as much a sin to NOT do something {neglect}, as it is to DO something {offense} not in the best interest of yourself.
METAPSYCHICS DOES NOT CLAIM TO KNOW

EVERYTHING,
BUT WHAT WE DO KNOW
we give to you to make you happy,
which in short, the
world happier, one man and woman,
at a time.
METAPSYCHICS is not a
revolution,
But an INVOLUTION.
It increases the Evolution speed by
100 fold.
You are able to do what seems like
the impossible to those who do not
know.
METAPSYCHICS is not something
to believe,

It is something to DO, BE and HAVE.

METAPSYCHICS: 'THE ULTIMATE GROUND OF REALITY'.

"Welcome to The Spiritual Sky."

PSYCHIC-LOGICAL PHENOMENON {PPH}

Psychic-logical Phenomenon belongs solely to the science of MetaPsychics. It is a made up word to define the phenomenon of 'believing against believing.' Psychic-logical Phenomenon is believing in something without a rational basis.

It is literally ‘Bad Faith’, and ‘Blind Faith.’ It is the basis of all ’Bad Religion’.

“If it is not physical in some fashion or form, it

CANNOT affect or effect you.”

The immaterial is not real.

It is illusions and delusions taken as reality.

Anti-mater has been perceived for a long time as nonphysical for it cannot be measured or seen with the physical eyes.

BUT ANTI-MATER CAN CREATE SYMBOLS, WITH REAL MASS, MEANING, AND MOTION.

With the discovery of anti-mater, MetaPsychics was able to distinguish error from Truth.
When knowledge is missing people rush to fill the void with their own Garden Variety of Bull.
Nature abhors a vacuum, Well, so does man.
He seeks to avoid the void and fill the void.
But can’t do either one.
When man has no real data to fill the void he makes up data and fills it in, no matter how nonsensical it can be.
Because man does this by believing, he is able to make a host of delusions

and illusions come true, Subsciously.
When this happens we call this Psychic-logical Phenomenon.
What is phenomenal about it is that man will defend his ‘beliefs’ or ‘ideas’ to the death.
A person can be right. Dead right!
When one is right at the top of the spectrum, he is right, creative, happy, powerful.
When one is right at the other end of the spectrum is where earth is, he is negative, tired, and bewildered.
He is suffering from a delusion or illusion.
But the only reason a delusion or

illusion persist is because it is getting its power from you as a Paragon or Denizen, unconsciously.
Anything that claims to have no force or form and is said to exist is untrue.
It is a superstitious myth, or science fiction fact.
These are fabricated lies to keep you duped, calm,
clever and consuming.
Wives tales make good psychic-logical phenomenal.
Encounter with aliens without any concrete proof makes good science fiction facts.
The Tabloids strive on psychic-

logical phenomenon.
People ‘believe’ it as ‘gospel truth’ and many psychological phenomenon is just a false defense against the ‘reality of death.’
The Rapper, the movie star. The Writer, the Producer, The Director. They all make good money keeping you fooled.
In fact, Psychic-logical Phenomenon go hand in hand with Imagination.
Man is a sentient and symbiotic being.
He is capable of doing things not even imagined by the most advanced minds.

PSYCHIC-LOGICAL PHENOMENON can be heard and observed.

One might think that this is a good term, but it is not.

By ‘psychic’ we mean the mind, or the feeling mind.

And by ‘logical’, we mean sound thinking, or rational thought.

‘Phenomenon’ is used here to mean transcendental.

Psychic-logical Phenomenon is a ‘departure from rational thinking or thought’.

It can be temporary, a long time, and indefinitely.

METAPSYCHICS is an expanding science, whereas, the Paragon or Denizen can expand, or contract, at will.
But if the Spiritual Being is bombarded by superstitious myths or science fiction facts, he can become trapped in a Negative Electronic Trap.
These traps are purposely set to enslave mankind by the reptilian secret followers.
These idiots are ‘lost souls’.
They prey on the innocent, children, and the unsuspecting adult.
Science Fiction facts and

Superstitious Myths are popular lies. Lies that have been around for so long, they are taken for Gospel Truth.
And even the Gospels of the bible contains lies.
The worst is when you are 'lying and BEING a 'lie' and not knowing it.
In fact, we all live a lie to some degree.
But as long as you KNOW IT, it is not harmful, and in fact, it can be fun and even helpful.
But the Paragon 'forgets' he made the trap and fell
into it on and fuel this lie for his

immediate purpose at one time, but being deceive became the trap, and got trapped in his own Trap.
To human is err, but to believe in science fiction fact and superstitious myths is just plain stupid, unless you are being deceived.
Sanity is the ability to differentiate, AND see things that are similar.
A person normally believes something without any kind of proof.
“Real Facts depend on Real Evidence.”
“To believe, without knowing” should be the carnal sin of today, when it is the Truth, The Way, and

The Light.

ESP as Extra Sensory Perception is Science Fiction Fact.

Because of Psychic-logical Phenomenal, new theories supersede their old theories.

However, you need not worry about the structure of MetaPsychics will never change or be replaced.

METAPSYCHICS postulates the 'perfect paradigm' which is just as pure, pristine, powerful as the Superior Energies that control and run It.

The Perfect Paradigm is a 'RELAY SYSTEM' between the

Paragon/Denizen and his body and world.

It is The Mind of God, The MasterMind, The Universal Mind, and The Cosmic Mind of the Paragon/Denizen.

The Axioms of MetaPsychics NEVER CHANGES.

They are the same yesterday, today, and forever. It is beyond the First and the Last. Cause and Effect. Superstitious Myths and Science Fiction Fact are delusions.

They are the good meaning symbols and lies of other well intending people...most of the time.

Superstitious Myths and Science Fiction Facts can only become illusions when you believe them and buy into them. When a person does not have any illusions or delusions to sway him from his major work or goal, we say that person is PSYCHICALLY-CLEARED. He no longer has his slave mind and can operate now as a Spiritual Being with his or her Superconscious Mind.

The Devil only has one trick. It is the same trick he has been using for years and years, and that is, The Devil is always trying to make

you forget you are {a Spiritual Being}, and what you can do
As a Spiritual Being,
Paragon/Denizen.
Whereas,
METAPSYCHICS: Advance Science of Mind is dedicated to helping you BE a Spiritual Being,
THE PARAGON's HANDBOOK was written to show you WHAT you can do AS a Paragon or Denizen.

PSYCHIC-LOGICAL PHENOMENAL {PPh}

Psychic-logical Phenomenal or {PPh} has broken relationships and families.
It has turned brother against brother and
made a friend a foe.
It is the cause of all the misery and hate in the world today.
{PPh} works because people want it to work.
Believe it or not, it is better to suffer in pain than to feel nothing at all.
It is better to BE something, than nothing at all.
Man's greatest fear is not death, but the 'idea of being nothing...forever.'

The fear of the Unknown is fertile ground for {PPh}.

Fear is darkness. Fear is lack of knowledge.

The opposite of FEAR is not LOVE but IGNORANCE.

When we lose a loved one or anything of value, we actually see more darkness.

Something as departed from us without our consent. How DARE them!

In the absence of knowledge man creates knowledge.

No!

Man goes hog-wild and invents all

kinds of {PPh}.

Man creates rumors, gossips, lies, half-truths, missing data, popular lies, propaganda, and of course, bull.}

Without proper knowledge, man is subject to any and all kinds of data, some of it true, some of it bogus.

With MetaPsychics we give you the psychic tools to

DEFER

SENSE

DISCERN

LEARN

CREATE

CONTROL

COMPOSE and
CHANGE YOUR MIND, AT WILL.
The happiest man or woman in the world is the person who creates or duplicates his own Universe and lives in it.
A person who is situated in their Self. Their Universal and Eternal Self.
Paragons normally are not happy in someone else's
Universe, unless they are invited or they help construct part or whole of it.
How you live your life is your choice and your prerogative.
This we would not take from you, but

expand for you so that you have even more good choices and decisions to make. Some of the {PPh's} are:

"Man is only an animal, he cannot get any better."

"Man is a sinner and must be saved."

"You must die to leave the body."

"Man cannot achieve higher states of beingness or consciousness."

"Unconsciousness leads to Enlightenment."

"Money is the root of all evil."

"If I don't believe it, it can't be true."

The main point being made here is that you should be able to recognize {PPh's} when you hear or see them.

Though people have the best intentions in mind, and some are secretly, out to really help you, {PPh's} or Negative Propaganda given in small doses over time, will kill you.
Slowly you slip from your Command station.
You go from "I" to 'self'.
You become more solid, for being 'solid' is the false sense of 'security' in the 3-d world.
You get more trapped in the 3-D world and the 3-D body.
You become more mass than Spirit.
The way a Paragon/Denizen gets out

of a Negative
Electronics Trap {N.E.T.} is by
BECOMING THE TRAP.
And then GETTING OUT OF IT.
“THE WAY OUT,
IS THE WAY THROUGH.”
The Devil always WANTS YOU TO STOP.
Action is his nemesis.
The Devil wants you on your knees praying.
Now you are ineffective and useless.
If God answers your prayer, Good luck!!
We might as well go out and play a good game of Blackjack.

We might be more lucky.
{PPh's} is hard to detect sometimes, mainly because people do not know that it exists, and are afraid of agreeing with it, it exists as a 'silent lie' that 'persist' off
your misery and tears and suffering.
In MetaPsychics, We would not have that!
All psychic-logical phenomena is first caused by confusion.
Confusion is chaos of particles in the Universe.
Confusion is chaos of words and thoughts in the mind.
The world is in a ball of confusion

and this is why you cannot find no proper answers out there.
It was not until Dianetics came on the scene in the 1950's
that anything about confusion could really ever be done.
This is one of the reasons why MetaPsychics could not be discovered and created until now.
Now, read on to put an end to confusion {the inability to discern 'spirit=energy' from 'mass=matter'} for the rest of your life.
THE STABILIZING PARADIGM
Chaos and confusion are two of the greatest problems in existence.

Out of them stem worry of the past and anxiety of the future.
Chaos is to the Physical realm as Confusion is to the Psychic realm.
But the remedy to both of them is the same.
Chaos or confusion is a randomness of particle are feelings, or thoughts.
It can be seen in anything that does not have structure.
A messy room or front yard is an example of chaos in a minor form.
A hurricane would be chaos on a much larger level.
Thoughts that don’t make sense, that contradict each other, or, or at odds

with each other, all lead to confusion of the mind.
Emotions that are contradictory to each other also lead to confusion.
Man has been putting ‘order’ to chaos and confusion for a long time now.
Man has always put order and structure to the universe, either on what he knew, or what he believed.
And since believing up to now, had to real ground in reality.
Man can believe what he wants and have all kinds of monsters and beasts come out of the sky or ground {his own subconscious mind} and scare

the ‘heaven’? out of him.

Whereas,

Man was encased in an atmosphere of fear and hate,

Paragon and Denizens are encased in an Atmosphere of Love, Communication, and Reality.

Since man could have ‘unknowns’ in his data of the universe, false information, and books, and conversations reverse the flow of Life in the world that mankind.

Truth without proof is nothing more than Blind Faith.

Faith, itself is another overrated word.

If you plan your future, You need no faith.

The only good faith is ‘faith-in’ something, namely YOU.

Any ‘belief system’ that has no ‘Grounds of Reality’ will fail and fail deadly.

Without any Grounds of Reality, Truth becomes unstable.

People will even die to defend their false paradigms. This still does not make them true.

You would not condemn a man on false data, but entertaining ‘false paradigms’ in your head, you are more or less, condemning yourself.

It is when we try to use ‘believing’ as a ‘cause’ instead of what it really is, an ‘effect’.
The true Cause is the Paragon/Denizen, who is the Cause of Everything, but God.
The main point here is to help you know and understand {PPh} so that when you come across them, you need not fear, or go run and hide, {The Flight or Fight Syndrome}, but STAY.
For now you have the CHOICE to indulge in them are not.
You will start to notice a lot of {PPh’s} around.

They usually are Popular Lies and the latest fad or hip-hop song.
What makes {PPh's} so deadly is that they are not negative statements, but very positive statements that 'sound good', but if you really think about them with your analytical mind, they contain negative messages in the long run, to bring you down and wanting more.
The best defense against {PPh's} is your OWN proven logic and reason.
If you are not the Master of Force, then you are a slave to it.
To be Cause is your Goal.
To stay Cause is your destiny. But

you must be willing to an Effect also, at Will.
{Now, I did not say 'to be an effect', but 'WILLING' to be an effect. Whereas, a Paragon loves to be an effect, and KNOW it. The Denizen favors being Cause and First Cause, for God is also, unmanifested, unknown {and Known}, uncreated, unborn, and unmocked. Both can be cause or effect at will depending on their circumstances. To be the effect of something is to slave to it knowingly or unknowingly.
To be Cause is to Master and Master of Your Fate}.

“IF YOU ARE NOT CAPABLE OF TELLING A LIE,
YOU KNOW NOTHING OF TRUTH.”
THE ULTIMATE GROUND OF REALITY
Because of METAPSYCHICS, a person can live a life free from immaterial and material miseries, strife,
fright, fighting one’s self, self-sabotage, anxiety, self abused, fear, worry, envy, jealousy, self-hating, confusion and forgetting.
He can do things now he could not do in the past only because he did not

KNOW that he could do these things as a Spiritual Being in the Future.
And he did not UNDERSTAND how to USE these Psychic Powers before.
That's what a little bit of good knowledge will do for you.
You now possess the best foundation to build yourself and your world upon.
This is THE ULTIMATE GROUND OF REALITY.
What do we mean by this?
Well, first of all, we are dealing here in facts, not fiction.
The axioms of MetaPsychics are as real as the laws that govern the

physical universe {STEM}.
This separates real facts from imaginary ones.
It proves there is the existence of a Supreme Being or Beingness where all is perfect and pristine.
This Being is not separate from you, but completes you. He, she, It was all you were ever looking for all your life-
Your real soul-mate God, is the final completion of yourSelf.
This is you as a Spiritual Being {SP}.
In the early days of MetaPsychics, MetaPsychics came about when it was discovered that there were

greater and better physical planets than earth to live and love on.
The way man got to these other worlds was not by sea, but soul travel. The soul of man is a anti-material being.
He has no mass, no matter, no energy, or time.
No location in space until It creates Its own unique Viewpoint.
The Paragon or Denizen perceives THREE UNIVERSES.
The one we all live in by agreement.
The other person's universe.
And the most important one,
Your own universe.

All universes have at least two dimensions.
With many other random variable in a universe, you have order and chaos.
A Paragon may enter a universe that is completely unstable.
That is, It has all random variables and there is no order to it.
All one has to do is find ONE THING,
He can agree upon and to that extent It has order.
To take one variable that you can ‘know’ or
‘understand’, or ‘use {KUU} is to

establish a STABILIZING PARADIGM.

If you take the scripture from the old testament that said:

“BE STILL AND KNOW I AM GOD.”

Was true.

WAS TRUE.

For this is the old command cry of the

Generic Entity {GE}’, WHO WAS GOD of the body till the PARAGON took over.

The Generic Entity {GE} is slave to The Paragon {SP}, or Psychic Entity {PE}.

And very well should be.
This is yet another example of a Stabilizing Axiom.
Science Principles, Transcendental Knowledge,
Prayers, Mantras, and Wise Quotes are all examples of stabilizing paradigms are axioms.
Mystics and Enlightened men and women have discovered these spiritual {PSI} and Transcendental Exercises that keep you up tone to the down tone of the world.
Whenever you find yourself in doubt or confusion, find something you can know or understand, and it will

stabilize everything else, even if it stays in a stay of randomity.

A Stabilizing Paradigm is a stabilizing axiom, is a POSTULATE.

A Postulate is what a Paragon/Denizen uses to create what he wants and needs in the Psychic {Nondimensional} and Physical {Dimensional} Worlds or Universes.

A stabilizing axiom is not a belief system. It is something that comes into being by command of the Paragon/Denizen.

Believing, like Prayer, is second rate in MetaPsychics.

A Paragon/Denizen is a ACTIVE/PASSIVE ENERGY UNIT.
It is the Source of All Motion and Actions.
But LIFE is a STATIC and KINETIC.
And God is a Perfect Static.
You are the 'Static-static'-kinetic, of the Perfect Static.
This is fact, not fiction.
When one is uncertain; one is fearful.

THE CAUSE OF ALL FEAR IS UNCERTAINTY.
NOT UNKNOWINGNESS.
Man speaks of the fear of the

Unknown.

It is because of this fear many, many, false paradigms exist and are taken for ‘Gospel Truth’.

Truth is not for the light-hearted.

But the TRUTH will make you light-hearted.

You are your original Self.

Man possess a certain degree of knowingness.

Yet this knowingness is muddle in false belief systems that billions of people agree upon to give them security.

Yet, this is a false security and does little if nothing to relieve man from

his present fear of the unknown.
METAPSYCHICS gives you knowledge that gives you CERTAINTY.
And TRANSCENDENTAL KNOWLEDGE sets you free and helps you see how you are an Infinite Potential capable of Being, Doing, and Having ANYTHING IN THE PHYSICAL, PSYCHIC, AND PSI UNIVERSES.
The Ultimate Ground of Reality states that there is One, and only One Energy in the world called Spirit or The Life Force.
This One Energy cannot be seen

except as Energy and Matter, or Force and Form.

FORCE IS ENERGY.

FORM IS MATTER.

YOU CANNOT SEE THE MIND OF GOD, OR

MASTERMIND THAT GUIDES YOUR LIFE IN THE DIRECTION YOU WOULD LIKE IT TO GO.

IT IS A HIDDEN INFLUENCE AND COMMUNICATION.

We all know just because it is not seen does not mean it does not exist.

The same is true of you as a Spiritual Being {SP}, Paragon/Denizen.

A Paragon/Denizen have no

wavelength, no mass, no motion, no meaning, except by consideration and ‘symbols’
{Identity or Identities}.
A Paragon/Denizen is simply what he or she says he or she is, no more no less.
FORCE and FORM are the two common building blocks for ALL LIFE existing, that did exist, and will exist. No Exceptions.
FORCE PROCEEDS FORM.
Force is ONE in two states. Static and kinetic.
The Ultimate Ground of Reality is simply:

Source.

Force.

Form.

In that precise order and sequence.

This TRANSCENDENTAL TECHNOLOGY alone will transport you to the SPIRITUAL SKY, {The Spiritual Sky is a REALITY and not just an imaginary place, though it will appear as an imaginary place to you when you first encounter it. This is because at first it is illusionary to you and the false world is real. A lot more could be said about the Spiritual Sky, but for now, to know that it exists, and your 'soul resides' there in an eternal knowable and blissful state, should suffice for now.} where there is no material or immaterial misery or pain.

THE ANTI-MATER PRINCIPLE

Anti-mater was discovered by two scientists in the 1950's that stated:

'To every {seen} particle there is an exact antiparticle {unseen} that completes the total particle.'

The Anti-mater Principle can be applied to Magic,

Religion, Philosophy, Science, Psychology, Physics, Parapsychology, and MetaPsychics.

Some of Its related fields of study are biology, zoology, pathology, ethnology, etiology, anthropology, astrology, criminology, Quantum Physics, etc.

“THE ANTI-MATER PRINCIPLE IS THE SAME, YESTERDAY, TODAY, AND FOREVER. IT DOESN’T CHANGE. IT IS AS ETERNAL AS GOD IS.”

As new data replaces the old, you will find that the basic Paradigm of MetaPsychics does not change.

The Anti-mater Principle does in no way limit the infinite potential of the mind.

The Anti-mater Principle was discovered by two American scientists, Italian born Dr. Emilio Segre {he was 69 years old at the

time}, and Dr. Owen Chamberlain of San Francisco.

Both won the 1959 Nobel Physics Prize for their discovery of Anti-mater.

Anti-mater is an Energy as well as a Personality.

An Anti-mater Being is called a Paragon or Denizen.

The same Energy that you are made up of IS

The self-same Energy that you USE to make things up.

ANTI-MATER SURROUNDS THE MIND AND PHYSICAL UNIVERSE {STEM}.

It surrounds your mind and your physical world.

Man is a Anti-mater/matter Being, but THINKS he or she is just a 'mere' mortal body.

Even when man thinks of himself as a 'mental entity' he is still not at the apex of his existence, nor in the complete SEAT OF POWER AND CONTROL.

Before man can understand what he is, he must understand a little bit about the Universe, for surely this is where he originate and the energy he created himself out of.

What created Anti-mater?

Nothing.

Anti-mater always existed in some force or another.

Then it took Form.

ANTI-MATER IS ETERNAL.

IT IS SPIRIT OF THE OLD AND NEW.

From Anti-mater, You have the Dark Matter of the Universe.

From Dark Matter comes Dark Energy that permeates the entire universe, our minds and bodies.

Soul, made of anti-mater is not subject to Karma.

A Paragon/Denizen cannot sin.

They are as sinless as God is.

The God of the real Universe.
For we are as real as God is.
Anti-mater can only be known and understood by the Abstract Mind because it first appears as abstract energy to all Beings of Earth.
Anti-mater is a 'hidden-influence'.
It can no more be seen than God, or your soul.
The only way you can know anti-mater is by Its' objects {Forms} and Energy {Force}.
The PSI-Force is of anti-mater.
The ordinary man of the streets, or home, cannot perceive of anti-mater, even when it appears as mere energy.

So if you are a {SP} or Paragon or Denizen, you better get used to the fact that low-level people will not see you as you are, but ONLY as they SEE you.

SO,

In closing.

“Anti-mater

Does not matter.”

It is Known, now, but it still extends and expands into the Eternal Unknown.

“All Force and Form are of Anti-mater.”

Believe it, or not, METAPSYCHICS is simply built on Spirit as Energy.

And Energy as
FORCE AND FORM.
It is divinely designed with Matter and Energy, ME.
Which is YOU.
The Paragon is always a Force {Spirit or PSI Energy} and never a form {Psychic Entity or Physical body}.
He uses a form {thoughts are forms to, and so are emotions, and the false ego. The True Ego is not a form but a force or potential.}, in the 3-D world, but he always know, that he is NOT this form {body}.
Though the Paragon/Denizen created

this universe and world to play and grow {learn} in trillion of billions, millions, thousands, of hundreds LIGHT years ago, AND took on a {STEMm body}, he got bombarded by 'other electronics', and alien races who want to enslave the earth, and KEEP human beings UNKNOWINGLY!

But before there was the physical universe we call {STEM}, there is the PSI-SKY.

Now we know the unknown PSI-SKY {Spiritual Sky} is made up of REAL, PHYSICAL ANTI-MATER.

It Is the essence of your SOUL and

The Force and Form of ALL Universes.

Everyone is subject to this Energy rather they like it or not.

{This is why METAPSYCHICS could not have existed before 1950. Without the scientific proof of anti-mater as the proof of SPIRIT in the world, MetaPsychics had no real Ground of Reality to start or build from.}

Because the anti-mater universe was discovered, it was also found that it is inhabited by anti-mater beings.

We have moved from a Religious Universe to a Scientific Universe and have taken God with us.

“THERE IS NO DIFFERENCE BETWEEN

AN ETERNAL PRINCIPLE
{Word}, PERSON,
OR BEING."
As a Paragon/Denizen you are a knowingness that has the Potential of the Gods.
After all, the gods were created for us.
Just as scientists proved that an electron can act like a particle {form} or a wave {force}.
The Paragon can be a kinetic {force}, or a Static, {form}.
{Soul is a material or physical thing, just like the physical body, only must finer and invisible.

“ANYTHING THAT IS IMMATERIAL OR NON-PHYSICAL CANNOT HARM YOU, IMPINGE ON YOU, AFFECT, OR EFFECT YOU.”

This is a breakthrough in MetaPsychics. It is found that man can suffer from something that does not exist at all, but because he ‘believes’ or was made to ‘think’ it exist, it is very,very real to the mind that accepts it.

All delusions and illusions are Immaterial.

They are ‘illusions’ made real, by no one else, but YOU.

Anti-mater has the unique quality as existing as force, as well as form.}

“ANTI-MATER IS FORM ACTING AS FORCE.”

“THE TRUE TRINITY IS GOD, YOU, AND SPIRIT.”

There is:

CONCRETE MATTER or the Physical Realm.

ABSTRACT MATTER or the Psychic Realm.

And, ANTI-MATER Beings.

You would be THE SOURCE OF ANTI-MATER.

ANTI-MATTER IS THE SOURCE OF EVERYONE.

THE SUPERIOR KNOWLEDGE

The Superior Knowledge or Wisdom {for it can be applied}, states that there is
ONE
and
ONLY ONE
FORCE in
THE UNIVERSE and we are
Part and Parcel of
IT.
This FORCE is called God, for It is Eternal, and It is the Source of All Force and Forms.
All else is infinite and finite and subject to this Greater Force.

In terms of Matter:
Anti-mater is ETERNAL.
Abstract matter is Infinite. Concrete Matter is Finite.
This is the same as saying, there is one LIFEFORCE in the Universe, and it becomes Psychic Energy.
And Psychic Energy becomes Physical Energy.
Physical Energy makes up the Physical Universe of
Space, Time, Energy, and Matter or {STEM}.
Add a mind and you have the human being, or the symbol
for the physical body or {STEM}.

The symbol of the Other Person's Universe is {STEMm}.
This is the average knowledge of the man on the streets today.
He has some degree of control over these elements, but the less he knows about himself, the less likely he will use these forces to his advantage.
Space and Matter are Forms. Time and Energy or Force.
In essence, there is only ONE FORCE, in two aspects and a variety of psychic and physical manifestations as a Static and kinetic.
There are many, many forms, and

they are unique and distinguished as ‘no two snowflakes’, or ‘grains of sand,’ are

ALIKE.

“THE DEVIL {The Liar Within}, is always directing you to look at the black and white T.V. , when the world is in color.”

Whereas,

THE ANTI-MATER PRINCIPLE EXPLAINS FORM.

THE SUPERIOR KNOWLEDGE GIVES YOU THE KNOWLEDGE AND UNDERSTANDING OF FORCE.

The Paragon/Denizen is

KNOWINGNESS.

The Paragon/Denizen is also UNDERSTANDINGNESS.

Mass has no understanding.

Force does not know that it KNOW IT IS FORCE, no more than a cat 'knows' it is a cat.

But Spirit Can KNOW that IT KNOWS!

And It does!

This is you as a Spiritual Being {SP}.

A Paragon or Denizen.

Your true Spiritual Nature.

The Superior Energy consist of only three things:

God, You, and Spirit. That is It.

After there is
ETERNAL TIME and
KARMA.
Since KARMA is a product of TIME, the Paragon being beyond time does NOT create good or bad karma.
All his actions are transcendental for he works and plays for God.
Man can be an Impersonal, personal, or private LIFE-
FORCE {LightForce} for the good of himself and the good of mankind.
Man can be good for the planet.
The Advanced Superman or Psychic Adept {a Psychic Adept can be a Psychic Entity {PE} that is learning how to be a Spiritual Being {SP}, therefore his so-called

sins, or mistakes are corrected with no pain or punishment.} is within every man waiting to be released.

The "Higher Power" within you IS THE SUPERIOR ENERGY OF GOD.

Just don't forget The Spirit of God is outside of your too.

Apart, but not separate from THE SUPERIOR ENERGY {which is the LIFEFORCE of everyone and everything}, is the mind or PSYCHIC.

From the mind or Psyche comes PSYCHIC ENERGY.

Psychic Energy is Infinite, But NOT Eternal.

It is directly ‘linked’ to PHYSICAL ENERGY, and is superior to Physical Energy.
It’s most basic manifestation in the 3-D world is ELECTRICITY and the LIFE-Force {you}.
The PSYCHE or Mind therefore, is a Relay System {Communication line or system} between the Paragon/Denizen, and It’s BODY.
The Physical body is the LIVING SYMBOL of the Paragon/Denizen.
It lives because the Paragon/Denizen animates it.
The Psychic and Physical Energies are called the Inferior Energies for

they are all subject to the Paragon/Denizen.

The Superior Knowledge than would be KNOWING that you and everyone are part and parcel of this Superior Energy that gives life, love, light {wisdom}, and liberty to the human soul and body.

“YOU, AS GOD,

CREATED THIS UNIVERSE,

{a long, long, long, long time ago.}

SO THAT YOU COULD ENJOY, GROW AND PLAY

IN IT {Here and Now, not yesterday or tomorrow}

AS A SPIRITUAL BEING{SP}

{Paragon/Denizen}."

If you remember that, you will never have a Problem with this GAME CALLED LIFE.

For the whole job of the Universe is for you to serve it, when
it was created by God, for it to serve you.

{The Universe is only supports those who supports It, or the earthsphere.}

METAPSYCHICS IS FOUNDED ON THE ANTI-MATER PRINCIPLE. IT IS A REAL AS GOD IS.

OR GOD IS AS REAL AS THE ANTI-MATER PRINCIPLE IS.

YOU CAN ONLY KNOW THE TRUE, LIVING GOD BY HIS FORCE AND FORMS.
HIS ENERGIES AND OBJECTS.
NOW,
YOU KNOW TOO!
“FOR HE WHO KNOWS, THE VOID IS NOT A VOID.”
From The Eternal,
Infinite minds and bodies formed and there were people.
People,
Places, and Particles {things}. {PPP}.
The Purpose of MetaPsychics is to supply you with
PSI and Psychic Technology, Tools,

and Teammate {God, your Self} to live a happy, the way you like it.

THE ANTI-MATER PRINCIPLE

From The One Eternal Anti-mater came

Abstract matter {and dark matter}, and Concrete matter {the physical world or {STEM}}.

When you add a mind to matter you have the

Human body and the Human Being {STEMM} and {STEMm}.

{STEM} would be the elements of the physical Universe.

{STEMP} would be the herd race or ‘programmed social mind’.

{STEMm} would be your own Universe.
{STEMM} would be the Other Person's Universe.
Imagination, and making {creating} mental pictures is of the nature of abstract matter, or Psychic Energy.
Ideas, thoughts, all mental images are of Abstract Matter or Mental Mass.
Abstract matter or mental mass is the idea of the chair.
Concrete matter would be the chair itself.
This world has three dimensions:
Your world. {STEMm} {Mind NOT

part of the Physical Universe, ie: {SP}.}

The other person's world. {STEMM}

{Mind still part of the Physical Universe, ie: the {PE}}.

The world we ALL live in the physical world {STEM}.

{A "tree" is a 'tree', because we AGREE it is a tree} or

r>0.

The fourth dimension is MIND, or

r=0.

The Spiritual Being,

A part, but separate from the Psychic or

r=>0.

Of this,

You can be certain.

CONSCIOUSNESS

ELECTROMAGNETIC ENERGY

WEAK NUCLEUS

METAPSYCHICS is only concerned with giving you the basic building blocks of Life.

The Perfect Paradigm of Force and Form works in any universe, at any time, upon anything, and can affect everything.

The conversion of Pure Energy into Intelligences is better understood when the proper relationship to matter and energy is known, and energy and Spirit.

The five post-future Forces:

The Consciousness,

Electromagnetic field,

Strong Nucleus field,

Gravity,

Weak Nucleus are used by the

HOMO-PSIONUS {PSI Being},

a being here and yet to come.

“You have gone from:

HOMO-SAPIENS to

HOMO-NUVIS, to

HOMO-PSIONUS.”

“IT IS BEST TO LET HOMO-SAPIENS SLEEP.”

HOMO-NUVIS REST.

AND HOMO-PSIONUS AWAKE.

THIS WILL BRING YOU

OPTIMUM LIFE.”

Whereas,

Homo-sapiens are on the human animal level, can be easily hypnotized.

Love to be an effect way more than being Cause,

The Homo-Nuvis works on the Psychic levels, consciously or unconsciously, and is far less destructive than the Homo-sapien in that they ‘pray’ to… to do it for them.

The Homo-Pisonus is the Spiritual Being, Paragon or Denizen.

This is discussed more in detail in

THE PARAGON HANDBOOK.

EVOLUTION, INVOLUTION, and DEVOLUTION

And the two should not be mistaken one for the other.

Scientifically speaking:

Force is seen as The Universal Life Force.

It creates Force and Form as Mind, Energy, Time, Matter, and Space.

The Life force is also beyond Mind, Space,Time, Energy, and is able to create and control and use Its own Power as PSI, Psychic, and Physical Energy to live and live in higher states of existence or being.

The Life force moves in a forward direction. It is The Cause of all past and modern religions, and the future of all sciences.
METAPSYCHICS, as a philosophy, unites religion and science in the Present, Here and Now.
Life is evolving.
And Life is still evolving.
When man or woman unites with the Infinite, he has merely started and ended His Spiritual Journey.
A Paragon/Denizen is always located in the center of heaven or the Spiritual Sky {PSI-Sky}.
He is a static and does not move, but

watches everything move and change around him.
Time is not a problem to the Paragon/Denizen, no matter where he or she is at,
In the body or out of the body,
In the {limited} mind,
Or out of it,
The Paragon/Denizen can manipulate the body and mind to BE, DO, and HAVE the impossible, as well as the possible.
When man unites with Infinite Intelligences, he has at his disposal, the power to change the world, and at the least,

to change himself.

‘He who changes himself,

Changes his world.’

‘By saving yourself,

you save the world.’

In MetaPsychics, Science of Mind,

Evolution is by Natural Selection,

But that Natural Selection is of God,

not man. Of Spirit, not mind.

God created the universe, earth, and

all its inhabitants by EVOLUTION.

All evolution means is that, like

everything in existence,

IT TOOK TIME TO COME

ABOUT.

In the NON-DIMENSIONAL

WORLDS,

You can create without any sense of time. But in the DIMENSIONAL WORLD, Time exist.

For man created it,

To his betterment or demise.

A Paragon/Denizen creates TIME for fun and profit.

For

Health, and

Wealth, and

Love, and Joy, and

Power, and

Wisdom, and

Prosperity,

and

Abundance, and
Peace, and Freedom,
Totally.
According to the Laws of Physics, and
Thermodynamics to be accurate and the
2nd Law of Thermodynamics to be exact,
‘Things left to themselves, will atrophy.’
But the Spiritual Law is this, which supersedes all Physical and Psychic Laws states:
“Evolution is God’s Way of improving the planet, and therefore

the inhabitants on it, in a steady, but very slow rate.
Evolution is making everything better by Its' play on the universe, the earth, and man and woman in general.
Involution is when man and woman decide to pull
each other up by their bootstraps.
It is a person and even private thing.
Anything a person does to make his life better, and this includes what he does for others, for doing for
others is the major way to do for self in today's world,
{and this is as backwards as one can

get.} IS A FORM OF INVOLUTION.

Washing your face or hands is a form of Involution.

Buying a new dress or shirt… the same thing, or something new and fresh is Involution.

Involution means that man pulls himself up by his own boot-straps.

He does not wait on Evolution that could take until the second coming of Christ.

A person involves himself in being, doing, and having the best he can be in this 3-D world.

“ONLY EVIL PEOPLE CAN BE GOOD!”
“THE TRICK OF THE DEVIL IS TO MAKE YOU
BELIEVE THAT ONLY EVIL PEOPLE HAVE FUN.
ONLY EVIL PEOPLE ARE RICH.”
Words are to matter, as Spirit is to energy. Christ is a form. Jesus is a Force.
In a dualistic world, Man or woman can only be Good or Evil.
In MetaPsychics, man has not only the option of being good or evil, but also, Super-good, Better, and The Best.

These states of consciousness can easily be obtained by the Paragon or Denizen.

METAPSYCHICS would be 'The Finesse Art of Involution in Advance Degrees'.

"IF YOU ARE NOT INCREASING, YOU ARE DECREASING."

This brings us to DEVOLUTION.

Almost all human bodies are in control of a Devolution-Denizen.

A Devolution-Denizen is a Paragon 'acting' as a

'happy, well-adjusted hero, when fear is their only motivator?'

Vampires, Zombies, and Sleep-

walkers are all at the top of the spectrum in the 3-D world. This is what one becomes because of DEVOLUTION.
DEVOLUTION is not self-destruction, although, self destruction can be an intricate part of Devolution, Devolution is 'just sitting there'.
In a way waiting for death to show up… Day after day.
Because DEVOLUTION is actual a Psychic Law, {Man-made law} it moves faster than physical laws or evolution.
Getting the picture?}

It really has no meaning, mass, or power, EXCEPT the Power and Meaning the Paragon/Denizen gives it. To a Paragon/Denizen, Devolution would be a horrible delusion shared by others as a reality. When one is in a 'DEAD OR DYING' state of Conscious' he could be said to be in an advanced state of DEVOLUTION.

EVOLUTION:

God Way of first creating and maintaining the universe.

INVOLUTION:

Pulling yourself up by your own

Power {boot-straps}.

A person can improve himself at his own rate and time. How he does this is not of concern , THAT he does this is Involution.

DEVOLUTION:

Devolution is Evolution in reverse.

The absences of InVolution.

Unconscious self-destructive behavior.

Through ignorance, man can sink into lower and lower

States of Negative Existence. or,

He can pull himself up ,out of the muck and mire of false lies and false data.

“YOU CAN’T HELP THE WEAK, BY BEING WEAK.”

The choice is yours.

And always have been.

HEAVEN, HELL AND EARTH, AND THE STATES OF MAN

Man exists on many different levels of existence.

This is obvious from observing the different personalities we see in our society today. Some people are cheerful and full of zest, while others are haggard and full of sadness and remorse.

Some people are rich, while others are poor.

There are the savant and the problem-solvers, and the criminals and the problem-makers.
All of these represent different states of consciousness, or existence.
Man is certainly capable of existing in positive and negative states of existence or beingness.
Heaven could be seen as a ‘positive or neutral state of existence’, if it tended towards life and survival.
Hell would be a ‘negative field of existence’ that would favor unconsciousness and ultimately death.
Earth would be the neutral zone

where man would be able to choose a positive or negative state of existence regardless of his condition or state of mind.

“IT IS BETTER TO BE NEUTRAL THAN NEGATIVE, BUT POSITIVE IS THE BEST ATTITUDE OF A PARAGON/DENIZEN.”

Man would also be a ‘Neutral Factor’ willing to be positive or negative according to his mind and heart.

“EITHER YOU ARE EFFECTING YOUR ENVIRONMENT, OR YOUR ENVIRONMENT IS AFFECTING YOU.”

Heaven and hell are not just states of minds, they are a reality to those who believes in them, and a ‘unreality’ of them that don’t.

If you really knew how useless ‘believing’ and ‘faith’ is, you would not waste your time trying to make the ‘impossible possible’.

The Impossible is only possible, when you let the Impossible BE POSSIBLE.

Again,

The mind does not make things ‘come true’,

It make things ‘come through.’

Though the following is a Chart to

show the advancement of the Human Being from ‘Zero through Infinity, to Eternity’.

“When I think of Peace and Calm,
I think of
The FIRE INSIDE.
The WATER makes me cry.
The AIR? A sweet breeze in my eye.
The EARTH, A place to ask why.
And,
SPIRIT, Consciousness Supreme.”

THE INVOLUTION CHART OF THE STATES OF MAN

INVOLUTION

is defined in MetaPsychics as ‘the ability to pull oneself up by one’s

own Power or ‘bootstraps’.
It also means to advance the ‘soul’.
The soul is advanced only by one thing actually.
One thing in two parts.
“Exercise the mind and body.”
And when you have advanced to the higher realms of MetaPsychics into PARAPSYCHICS and PSI-40, you will find that all you have to do is Transcendental Exercises so that even Silva’s Mind Control Course, and Yoga are obsolete to you. Though you are still free to practice them if you wish.
You will have everything done for

you by PSI POWER.

PSI-40 is not for everyone.

It is only to show you that you can achieve higher and higher states of

mind by using the infinite power of your Infinite Mind.

THE PRIVATE/PERSONAL /IMPERSONAL E-GO

Because of Bad Religion mankind has been led to 'believe' that any holy or spiritual make-up means the end of your ego.

This is absurd.

You can no more get rid of or kill your ego then you can put out a fire with gasoline.

Your ego, {and in MetaPsychics, ego means 'energy on the go or ego. This

helps take the sting off the e-go, put on it by the Church and State, so that one can have a better perspective of it.}, is your viewpoint.
And without a viewpoint you have no perspective or way of actually 'looking at real life'.
One cannot judge or differentiate without an e-go.
This is why the Church and State plays it down so much.
No e-go, no soul.
Like the emotions, the e-go can be Impersonal or Social.
Personal as in self, friends and family. and Private as in self and who

you let in and want to know.
Whereas the Supersoul would be an Orientation Point, The ‘soul’ is the Viewpoint.
If the windows are the eyes of the soul.
The e-go would be the windows.
Keep them open.
And your e-go alive.
When man thinks of himself as a physical body {STEMM}, he has the WRONG E-go.
When man thinks of himself as a Psychic Entity {PE}, he has a FALSE E-go. and when man thinks of himself as a Spiritual Being {SP},

Paragon/Denizen, he has his TRUE E-go.

THE PRIVATE/PERSONAL/IMPERSONAL E-MOTIONS

Man experiences a variety of different emotions.

E-motions can be seen as the ‘inner energy of the body’.

Energy in Motions is a good way to view how you feel.

EMOTIONS ARE NOT FEELINGS, AND FEELING ARE NOT THE EFFECT OF EMOTIONS.

IT IS BECAUSE THE SPIRIT FEELS, AND THE EFFECTS IN

THE BODY ARE CALLED EMOTIONS, AND EGO.

Emotions are ‘energies’ put into MOTION in one’s body, either by one’s self, consciously, or unconsciously.

Or they are ‘put in’ MOTION in one’s body EXTERNALLY.

A person does not have to be irrational to have emotions.

A good person can have emotions just as well as a Passionate Person or Ignorant Person.

Emotions should be freely expressed as an action or reaction to stimulus, rather externally or internally.

If you think the average person enjoys the pleasures of both worlds, the worlds the Paragon/Denizen can visit or endless.
The problem is staying in one place too long. Paragon/Denizens bore easy. Especially if it is mundane… As in decaying minds.
Emotions can be inhibited, and most of them are.
In a free society, freedom is not free.
And your expression of certain emotions, at the wrong time can land you in jail, or a sore lips.
So, It is OK to feel.
And it is OK to FEEL GOOD ALL

THE TIME. But it is better to feel BLISS and the body as it is.
It is not OK to take your emotions out on somebody,
especially if they did not deserve it. Just as love is a high degree of happiness directed in a specific direction {towards someone}, so all basic
emotions can be inhabited or enforced to appreciate beauty, art, music, movies, beautiful bodies, sex, creative arts, work, play, rest, games, activities, laziness, exhilaration, coldness, warmth, love, freedom, etc. E-motions regulate the endocrine

system.
They directly affect and effect the body and mind.
When a person believes he must be ruthless, and cold-blooded to be a rational, successful person,
this affects the endocrine system and could very well make the person sick, and sicker as he climbs the ladder of success.
There's got to be a better way.
E-motions are your birthright to being human and a Spiritual Being.
Know and Understand your emotions well so you can Use them to enjoy the many pleasures of the

earth.

THE ABSOLUTE/RELATIVE MIND

Man as a Creative Intelligent Unit is above Good and Evil.

Good and Evil are opinions in the long run.

“What floats your boat ,
May sink your brother’s.”

Now,

LIFE is not to be found in one book. No matter how holy it is supposed to be, all the books are written by man, inspired or not, and no words are set of words, are more important than Man or Woman or Child or what is

called MANKIND or HUMAN NATURE or LIFE!

If Infinite Intelligences were to take all the billions upon trillions of books and reduce them to one book.

Then reduce that one book to one chapter.

And that one chapter to One paragraph,

And that one paragraph, To one sentence.

And that one sentence To one word,

That word would be to SURVIVE.

All of existence is surviving,

Or TRYING to survive.

To survive means to have the

resources you NEED in order to live.

To survive is to KNOW who are.

UNDERSTAND what you can do and

USING what you got.

‘To survive {live} and survive {live} happily’ is the goal of the GENERIC ENTITY{GE}.

For he is of the body and he knows someday he is going to die.

‘To die! And die happily!’

{A Spiritual Being {SP} can ‘leave’, ‘put down {feign death], and ‘enter’ a psychic or physical body at will. People with strong auras monitor what is in their ‘psychic bodies’.}

Is the battle cry of The Spirit.

For It KNOWS It is going to survive {Live}, and has not the least bit

concern or worry in that area.
Survive takes the way of many Paths, and new and improved ways of living has been discovered and found.
The reason MetaPsychics work above and beyond all the rest of the modern scientist and religions is because of this Dynamic Principle of Survival.
For certainly,
This is what LIFE is all about.
‘Spirit is LIFE and the life and Intelligences of that Life.’
It is defined in different ways by different cultures and religions.
In MetaPsychics, the Spirit is God,

The Supersoul, is you, Jiva, the individual soul of you and God.

The Paramatma or Useable Energy.

ETERNAL TIME.

Karma.

It is also,

Health,

Wealth,

Love,

Joy,

Power,

Wisdom,

Abundance,

Prosperity,

Peace, and

Freedom.

“The Spirit of God is in us.”
To survive and to survive happily, is the right goal for man and the reason and purpose of MetaPsychics, evolution of a science of mind.
In order to Know and Understand and Use The
Absolute and Relative Minds, we need to choose a common ground that everyone can agree on.
We will start in the middle, with an energy everyone is familiar with PSYCHIC ENERGY.
Psychic Energy is also creative energy.
It is the Force of your Imagination

and Rational Thinking.
It is the Life Force within you that operates the functions of your body's inner organs.
Psychic Energy is connected to the Force of the Universe and therefore is limitless.
It is the Force of all that exist.
It is the Love of God and Intelligence in man and woman, and child.
It unites Spirit with matter as Energy which can create, re-create, and uncreate all forces and forms.
{Some force and forms already exist and can only be duplicated. These were also created by you a long time

ago for your use today.}

Because of Psychic Energy, man has become the most dominant species on the face of the earth.

By Psychic Energy, man has been able to use the force of the Cosmos and Nature.

He is able to KNOW himself and the Universe he lives

in.

With Psychic Energy man is able to perform magic

and miracles that go beyond man's limited knowledge and understanding.

And by Psychic Energy he is able to

control his mind and body and his inner/outer forces.

What is known as mind, is Psychic Energy.

What is known as the force of Evolution is Psychic Energy.

Cosmic Energy is Psychic Energy in the mind of everyone.

Physical Energy, or air and electricity, are also forms of Psychic Energy.

In fact, any form of Energy can be used by Psychic

Energy for man’s private, personal, and impersonal existence.

The Survival of the fittest is more

than mere control of physical force.
In the New World, it is a Psychic Tool.
Man survives because he can think rationally.
Man is able to control all the forces of Nature and himself, and do so in a rational way.
Psychic Energy, as defined in MetaPsychics, is the total force of the Superior Energy as the inferior energy, or Psychic Energy.
Psychic Energy is the Superior Energy of the mind.
Psychic Energy is a natural functioning of the psyche.

Psychic Energy puts the fate of evolution the hands of man whether he is rich or poor, black or white, good or evil, sane or insane.
This is known as INVOLUTION.
Psychic Energy is not supernatural, nor does it require Extra Sensory Perception to know, understand, and use it.
Psychic Energy is your 'link' to the Infinite Mind and
Eternal God, that you are!
All the Forms and Forces are contained in Psychic Energy.
Psychic Energy gives man the results that seem supernatural to the

average man.
For it comes from the Source of all Supernormal, normal, and Magical, and Miraculous manifestations.
MIND is actually a 'relay system' for the Paragon/Denizen.
It is a vehicle for steering the STEM universe and
STEMm and STEMM bodies.
{STEM, STEMm, and STEMM} makes up the entire three universes that are seen in the fourth dimension of mind. STEMm would be a person NOT connected to the Infinite, or Mastermind, STEMM would be a person 'in contact' with the infinite

or MasterMind of God.}

The universe seen by everyone is made up of forces and forms.

The Space-Time Continuum is a universal law based on these forces and forms.

The LIFE-FORCE that evolves in Space, Time, Energy, and Matter is the Paragon/Denizen.

When man knows this he is involved in InVolution.

The Paragon is greater than the forces and forms of the psychic and physical universes.

The Advance of Superior man creates and controls the Space, Time,

Energy, and Matter and mind, he or she lives in.
This is all possible because of Psychic Energy.
Mind or Psychic Energy creates and recreates everything that can be known about our physical universe.
It can arrange, rearrange, compute, wonder, heal, think, remember, relive, recall, analysis, make computations, and equations, see, hear, taste, smell, touch {feel and sense with accuracy and precision.
The only thing greater than the mind is the LIFEFORCE.
The LIFE-FORCE is called God or

The Absolute Principle.
It is also the Highest, Purest, Pristine, Intelligences within you.
The Absolute Principle states that there is ONE, and ONLY ONE substance in the universe and it is SPIRIT.
SPIRIT is also The LIFE-FORCE all forces and forms in and out of existence.
All forces and forms would be inferior to the SUPERIOR ENERGY.
Now,
Before the LIFEFORCE, was BEING and BEINGNESS.

This would be of the Nature of God.
SPACE is Being.
One might say the whole concept of Space is to be God consciousness.
To a Paragon/Denizen space becomes a reality at the conscious presents of the Paragon/Denizen.
For every man and woman is being of this BEING.
Everyone is ‘god’ of God.
But Everyone does not know it.
Anti-mater are the invisible particles that make up your PSI-body and the physical and psychic universes.
Human Being have no idea or concept of this only in bits and

pieces.

The world is so geared to decrease your ‘real power to create’ and to render you ‘useless and powerless’ in a world that USES your power everyday, but not in your favor.

The Absolute Principle and The Superior Energies are both Eternal.

All else is infinite and finite.

Mind is Infinite. But not Eternal.

This is yet another reason the Psychic Entity {PE} is inferior to the Spiritual Being {SP} who IS Eternal.

The Psyche is Infinite in that is it had a beginning but has no end.

{Eternity has no beginning or end.}

It will carry you to the end of any action or task and still will be able to do more, much, much more.
{God and I? Well, we split. We went our separate ways. And I feel so much better and empowered.}
{I created Jesus},
{I created Myself}, {I created God}.
Your Higher Self is infinite, not Eternal.
The Higher Self would be at the top of the psychic field,
a {SP's} Electromagnetic field encases all psychic fields of information and symbols.
A {PE} is always a symbol.

It has mass, meaning, and motion, given to it by the Spiritual Being, Paragon/Denizen.
IT CANNOT CREATE.
The {PE} is actually made up of Abstract matter.
The Spiritual Being can throw the Psychic Entity under control on command or by will.
Psychic Entities can control under Psychic Entities.
Since Force and Form carries certain ascertainable laws, ALL forces and forms can be KNOWN and UNDERSTOOD and USED and represented by One Ultimate

Principle.
This would be the Anti-mater Principle. or
Ultimate Ground of Reality.
This Principle is the same,
Yesterday, today, and forever.
{All religions try and sell you on the point of a perfect static.
However, they never tell you, you are a duplicate of that static and with a kinetic,
You HAVE Life and a Physical Body.}
The Absolute Principle {Form} and The Superior Energy {Force} makeup

THE ANTI-MATER PRINCIPLE
which explains
scientifically that God exists as a real, living Being, or Supreme Beingness.
Because man can know and understand as much as
God can, this will still never make him or mankind smarter than God.
Nor does it make God any less God.
God is always one step ahead of man and everything because God is ALWAYS expanding.
When the Paragon or Denizen expand {grow} they are becoming more and more of God.

But one cannot exhaust God, no more than one can put out the inner Light of a Paragon or Denizen.
These things go on forever.
{Your message to mankind is that "God loves and like you.}
Abstract matter or Psychic Energy is just one way of 'tapping' into the Infinite Mind, and the Eternal Beingness.
When man KNOWS, UNDERSTANDS, and can USE God's Energies in the world today for his or her benefit, he or she is a Paragon or Denizen, And can operate as such.

Concrete Matter is mass and Matter as material substance.
It is what we SEE and FEEL.
We can touch it, smell it, and taste it. We can lick and eat it. We can like or love it.
Concrete Matter is nothing more than
CONDENSED ENERGY. It is FORCE in FORM.
Therefore, our completely physical universe has now properly become, and is called A COMPLETELY ENERGY UNIVERSE.
If it not a particle or unit of ENERGY, it cannot effect or affect

you.

If it is not made up of

The Superior Energy, it does not exist.

This is what is meant by Immaterial,

Having no meaning, motion, or mass.

IMMATERIAL.

{WE ARE IN A PLACE WHERE THERE ARE

NO MORE MATERIAL OR IMMATERIAL MISERIES.}

All Immaterial miseries are not true.

They are illusions and delusions before they are made true by wishing and believing.

As a Paragon/Denizen you are free

from all illusions and delusions through
Transcendental Knowledge.
So,
You think you know you're mind?
Many of you say,
"Of course, I do! What a silly question!"
But what you mean is that you know, and think, and feel.
But the mind is more than just a stimulus/response machine.
It has Powers to do amazing things.
And now that you 'tapped' into them, we will show you HOW to USE them for your enjoyment, profit, and

benefit.

METAPSYCHICS gives you the Reality of the mind based on true and physical and psychic laws of the Universe.

Based on real facts, it is a science of mind without error.

METAPSYCHICS:

It is not the ONLY Science of Mind, but it is the most advanced science of mind school to date.

{discoveries in MetaPsychics could not even be made since 1959, for the data that is built on was not invented or 'brought to light' yet. MetaPsychics is as old as it is new.}

In MetaPsychics, the mind or psyche is divided into three parts for

ultimate thinking, analysis, and computations.

The first part we call

THE ABSOLUTE MIND or Analytical Mind.

This is the mind, given the correct data, cannot make a mistake, error, or sin.

It is where you inherited your sense of "I".

This is the 'you of You.'

The Equation of the Ultimate Solution" is not a MetaPsychics term, but properly belongs to the field of Dianetics.

But we will use it here as an

Introduction to the Absolute and Relative minds.

It means the mind can think in relative terms without being insane, and it can think in terms of ‘free thought’.

The Ordinary man sees the world in black and white, relative terms.

For every black there is a white.

It is cold, it is hot.

The Paragon/Denizen’s black and white world of dualism, is covered over by a world of color.

This is why the Paragon/Denizen is enlighten. He sees more than the average guy.

The world of the Paragon/Denizen is colored by his sense of beauty, fun, play, and adventure.
The second part of mind is called the RELATIVE MIND or slave mind.
This is the subconscious mind that is controlled by the {PE} Psychic Entity, until a Spiritual Being {SP} takes over.
This mind can make many errors, and does.
It can give false data, false feelings [emotions}, and is
the king of the false ego.
{The true e-go belongs to the Absolute Mind}.

THE { PE} is the easiest entity to hypnotize and believe anything.
He or she is like a prostitute and will follow the money.
Anybody can be her Boss for a cost.
Until the {PE} is brought under control, it will put the Paragon/Denizen in '{NET}.
Negative Electronics Traps that can make him wish he was dead or at the least, out of the situation he may find himself in.
Paragon and Denizens do not like vacuums, voids, and nothingness, and will even feel 'pain' rather than feel 'nothing' at all.

This is why the relative mind is always grasping after straws.
To him, when it comes to nothingness,
“SOMETHING IS BETTER THAN NOTHING.”
When the {PE} is not directed by the Paragon/Denizen
he is like the Devil. He is a Deceiver,
And he is a Liar.
When a Paragon/Denizen is in a ‘NET’ he will feel like he is in prison, trapped, unhappy, sad, and confused.
To get out of a “NET” all one has to do is apply a ‘PET’, Transcendental

Technique in the
Present Moment,
Here and Now.
We all think in relative terms.
This is for sure.
But when man has no alternative to thinking in relative terms,
he can become a victim of his own words or thinking.
Below the RELATIVE MIND and a part of it is the SOMATIC MIND.
The Somatic Mind or ’slave mind’ is where the {GE} lives.
The {GE} is the Generic Entity of the physical body.
He will do whatever you tell him to

do, either by the
Psychic Entity or Paragon/Denizen.
Or anyone else bold enough to command him or her, or have what she or he desires.
We will not discuss this mind much because it is always under the control of the Paragon or Psychic
Entity, or someone else, in a ’subconscious manner’.
Psychic Clearing is geared to erase the content and emotional charge of a memory, so that you can remember it,
but it can no longer cause you any pain or grief.

Of course,
The Paragon is the best being in charge of the {GE} The {GE} was in control of your body until the {PE} or {SP} takes over.
The {GE} is only concerned with the basics, basics of living.
It constructed you're human body from million of years of trial and error,
so to speak-
Definitely,
Birth after Death after Rebirth… after
Death, after In-between lives, after life.

No more Death. No more dying.
The Generic Entity KNOWS how to survive.
It has had plenty of gruesome and pleasurable practices, and experiences 'perfecting' a body.
"PERFECTION IS A PROCESS, NOT A GOAL.
A POSITION, NOT A PERSONALITY."
Here is the stimulus/response mechanism at it's best.
Unlike the {PE} who can choose to act or not act, or react, the {GE} cannot.
He can only react to any stimulus

given it, internally or from the environment.

You could write books on the behaviors of the {PE} and {GE} that would be most helpful.

But the easiest way to live happy, is to let the Paragon/Denizen 'blanket' {takeover} the {GE} and {PE}.

{The Entity can be seen located in the penis, vagina, anus, stomach, solar plexus, and the middle of the forehead. This is NOT the best place for the Paragon to be. His or Her best position is about 2 to 3 inches above or behind the head. Here he can use Attraction or Repulsion beams to create or control any part of his psychic and physical bodies. Since mankind does not know this, the {GE} controls most of the bodies on earth subconsciously to the Human Being.}

Socrates was one of the first men to invent a “science of mind.”
He simply stated that when man does this thing called ‘thinking’, he saw things in two dimensions.
WHAT was perceived AND IT’s opposite.
Socrates is also considered one of the smartest men of the Ancient World.
{Old School-New School. Ancient World-Modern World.}
The Ancient World appeals to the world before 1959.
The Modern World is the world of Reason and Enlightenment, after 1959. 1959 was a turning point in

man's life, for new discoveries of the soul and mind were made that up until then , did not exist.
METAPSYCHICS could not have existed before 1959, for the groundwork of MetaPsychics had not been laid yet.}
Albert Einstein was {and still is by many, yet some consider Stephen Hawkings as the smartest living man in the world today.}
considered the smartest man of the twentieth-first Century or Modern World.
Stephen Hawkings' book, 'A Brief History of Time' is very interesting

reading for those of you who are into science and would like a quick update of what is considered ‘truth’ in the scientific world today.
Einstein’s Theory of Relativity changed the way scientists and the worldview the universe.
Darwin’s Theory of Evolution split the religious/science community more apart, when it should have brought them together.
{Evolution is more PROOF of God or an Intelligent Design, than not. Evolution is the way God got things done, and still do. When we play a conscious,direct part in this and help

ourselves then this is called InVolution.}

Whoever defines your Universe, is the God of that universe.

Unknowingly, you serve him, or her, or even It.

No Paragon is happy in another's universe, unless he was invited and it will be temporary.

But once the Paragon/Denizen creates his own private/personal/ impersonal universe, he is free to roam in any universe as long as he is not intruding.

Now,

Since the dawn of Einstein, we are

saddled with the popular axiom, “All is Relative.”
Since this thoughts originate from the mind of
Einstein, and we all agree on it, in a sense we are living in Einstein Universe, Even before hand we lived in the Universe of Isaac Newton {The apple falling from the tree to the ground established The Law of Gravity as Newton called it. But the apple did not ‘fall at all’, but was rather ‘pulled down’.}.
We take for granted that this is the ‘perfect paradigm’ for the universe and go about your daily living.

Even as Christians and many others live in a Jewish Universe where God created man out of muck and mud, but still in God's likeness and image.
Later on, somehow man became an evil 'ol sinner.
And then EVERYONE became an evil 'ol sinner because of something 'another man' did over two thousand years ago, that God is still pissed about. This is the present universe we live in today.
This is the Jewish Universe of the bible.
Almost everyone LIVES and acts accordingly to that universe.

IT IS a TRICK OF THE DEVIL TO MAKE YOU SEE AND BELIEVE IN ONLY ONE UNIVERSE.

METAPSYCHICS: Advance Science of Mind

THIS IS NOT OF OUR MAKING OR CREATION.

We did not create it. BUT, ALMOST EVERYONE KEEPS RE-CREATING IT CONSCIOUSLY AND SUBCONSCIOUSLY.

The New Testament is actually a GREEK Universe, with Jewish overtones.

{After all Jesus, the Hero of the New Testament, is a Jew. Jesus Christ is a very powerful Psychic Entity {PE}, he must be

created or duplicated in the mind as a visible form in order to exist}, and is subject to the Spiritual Being {SP} or Paragon. He has mass, meaning, and mobility, but no reality except the one YOU give it.}

You are the only 'god' in your universe that can raise Jesus from the dead.

I suggest you raise yourself!

There is YOUR UNIVERSE {STEMm}, THE OTHER GUY'S UNIVERSE {STEMM}, THE SOCIAL UNIVERSE OR TRIBE MIND {stemp}, AND THE SHARED PHYSICAL UNIVERSE OF {STEM}.

My friend, if you remember just thIS

fact alone, you would still be more successful, and ahead of more than 60% of the people in the world who are illiterate.

“IT IS a TRICK OF THE DEVIL TO FORCE YOU TO SEE ONLY ONE UNIVERSE. MAINLY, HIS OWN.”

We are comfortable to believe the Political Right jargon, the Popular Lies or Folk Tales, and just about ANYTHING and EVERYTHING said with enough conviction and force.

If scientists say, “Man only uses 10% of his inherited brain power”than

billions upon billions of people will use only 10% {or less} of their brain power.

And insist on it too! And worst will insist that you MUST be the same also.

The point I am making here is that man unknowingly lives by the postulates and popular paradigms of today.

But these are other people's creations and you may, or may not be happy in them.

They certainly were not constructed for man's happiness.

We think we know and we really

KNOW NOT.

I included.

EVERYBODY KNOWS! BUT NOBODY WINS!

To NOT KNOW is the cardinal sin. In today's society, you MUST KNOW. And almost everyone lives in fear of not knowing so that a charade of 'pretending to know' comes about.

Underneath this vast unknowingness is crippling FEAR.

For not knowing is as certain as building your house on quicksand.

Therefore, WE ALL THINK THAT WHAT WE KNOW IS RIGHT.

BUT THE ONLY TRUE TEST OF RIGHT AND WRONG IS HOW YOU FEEL.

As the saying goes.

“One can be right...dead right!”

I am not trying to scare you.

The reason we don’t know is simply because we will not put ourselves in a position of not-knowing temporary.

{A Denizen is a Cause willing to be an effect, who is willing to be a Cause depending on the circumstances or situation.}

Man always has a choice of KNOWING and NOT-KNOWING.

In order for man to be a willing Cause of Knowledge in his life, he must also be willing to be the effect of knowledge at some point in his lifetime.

Socrates, and other great minds have given us a 'science of mind', that we might understand and know for our own benefit.

It is because these great men left footprints in the sand for everyone to follow that I could discover and codify MetaPsychics.

It is because of these brave men a science of spirit was created that is based on real facts and not

superstitious myths and science fiction facts. For was it not Einstein who said:

“Imagination is more important than knowledge.”

This may be true, but mankind has lost the boundaries between knowledge and imagination. Or what is real and what is false.

“IF YOU CANNOT LIE, YOU CANNOT TELL THE TRUTH EITHER.”

I will repeat again:

“Man can only be a Cause of Knowledge, by being an effect of Knowledge, at one time.”

The Man or Woman unwilling to NOT-KNOW,
Be an Effect.} will
NEVER KNOW.
{Be a Cause or First Cause.}
METAPSYCHICS owes his workability and predictability to the Great Minds that went before it.
Spiritual Beings {SP's} who never asked a dime for their work, and probably never got the recognition they deserved for their contribution to mankind and society at large.
Because man's mind is infinite, few men have tackled the job of

explaining HOW to ACTUALLY live a Spiritual Life of Happy Practicality.
In other words, a good Spiritual Life is a good Balance between that which is
Spiritual and that which is Physical, and THAT which is Psychic.
You have many promises with few results.
Man will BELIEVE ANYTHING. AND IN ANYTHING, from aliens to ghost. In fact,
The more grandioso the belief, {i.e Jesus is an alien, Virgin gives birth} the more you are JUSTIFIED.

The more you HAVE FAITH! And the DUMBER you go.
The character of Jesus Christ in the bible, who is NOT God by a long shot, but an example of what God would be like if he ever walked the earth.
Self-sacrifice is a very ugly word to a person concerned with true Justice.
Just like anything can be believed.
“Anything and Everything can be true.”
“BUT NOT REAL!”
What man actually KNOWS gives him very little security {peace} in life, something he needs most and a lot of.

There is Good. There is Evil,
Is the whole of the relative mind.
Boring.
METAPSYCHICS offers an alternative to relative thinking.
Or a relativity to Relativity.
Absolute Thinking is thinking in ways other than just good and evil, black and white.
For example, If ‘good and evil’ made up one side of the relative formula, ‘Very Good, Better, and Best’ would make up the other side .
So now instead of just thinking in terms of just ‘good and evil’ {They are opinionated anyway}, think in

terms of, ‘Very Good, Better, and Best.
While the ordinary man is encased in a ‘good and evil’ world,
Your universe now has color.
And if you do not like it, you can always go back to your ‘black and white t.v. {thinking} of old.’
While relative thinking ONLY has to do with ‘black and white’ {and this is the mind of a racist or closed-mind person, homophobic, ect}, perceptions {very, very limiting}, Absolute Thinking has NOTHING to do with absolute, except that you must choose or decide what is Good

for you. Than what is Better. And finally what is the Best for you.
This is also how you make Spiritual Progress.
A black and white world is limiting.
A world of color is limitless.
A black and white world contracts on itself, and can implode on itself in force.
The World of Color is expansive {expanding} and can explode on something other than itself in form.
But you say, "I like watching black and white T.V."
OK.
But LOOK around you…

The world is in,

As they say,

LIVING COLOR.

You can watch your B&W tv shows and dramas, and comedies, But it is getting ‘TRAPPED’ or ‘STUCK’ in relative thinking that causes a problem.

No matter how good it gets, IT WILL get worse.

{Getting trapped or stuck in a negative electronic circuit is called {N.E.T.} Negative Electronics Traps in METAPSYCHICS.} We all think in dualistic ways.

“You can’t see the light, For the dark

in the way,
But the dark is The Light, seen another way."
The Absolute Mind of Very Good, Better, and Best, is RELATIVE to the old way of thinking in only Black and White.
You now have a relativity to Relativity.
This puts more positive energy on your side and for your use.
The Absolute Mind is incapable of error provide it is fed the right data.
It can solve any problem and compute any solution that might appear as magical in the world today.

Like the miracles in the stories about Jesus.

The Absolute Mind is the same as The Analytical Mind in its functions and procedures.

Because the Relative Mind stores pain and commands associated with pain, we say the relative mind is the source of all illness and woe.

Relative thinking though, is also Absolute Thinking. And Absolute Thinking is 'Free Thought'.

For there is no Eternal Absolutes in the Physical Universe.

{Even the most sinful man, when he reaches the boat of transcendence is

purified.}

What may be considered ‘evil’ today, might be ‘very good’ tomorrow.

And vice-versa.

We use the word Absolute, because it denotes security and stability.

Yet,

Nothing should be absolute for you, unless you deem it to be so.

And you can be more than certain that you are now standing on the most successful foundation to build your perfect life.

A person trapped in relative thinking can ONLY think in similarities and this breeds insanity. Similar,

A person who sees ONLY differences is again,
insane, if only temporary.
Again the world is in color, and no one rainbow is better than any other rainbow.
Certainty is a lack of confusion.
To put structure to something is to make it less mysterious and confusing.
METAPSYCHICS gives you a KNOWINGNESS and UNDERSTANDING that you can USE, and is transcendental to this ordinary world.
Man has everything he needs to live a

happy, carefree life, here and now.

{‘Here and Now’ is a MetaPsychics Term meaning the Present. The Eternal Present. Present time and place. It can be extended to mean ‘Here, Now, and Forever’, but it always denotes PRESENT PLACE and PRESENT TIME.}

“IGNORANCE IS OF THE LIGHT, NOT THE DARKNESS.”

The Light is on, but nobody's home.

Because man {and woman}, still refuse to see.

Why must this be?

The mind is as common as it is individualized.

The person who OWNS his own mind is rare in society today.

We are all programmed to

‘consume’.

As it was once considered and held as ‘Gospel Truth’, that the world was flat. Now we know better.

And sometimes

the best viewpoint, is from the Outside, in.

CHART OF THE ABSOLUTE/RELATIVE MIND

If you thought of The Absolute Mind as being

The Mastermind, and The Relative Mind as being the slave mind, you would be just about right!

Absolute Thinking:

Best

Better

Very Good

Good

Neutral

Evil

The relative is at the duality of good and evil.

Relative Thinking

Good

Evil

This is black and white thinking or dualistic thinking, except the duality is only between two opposites or dichotomies.

A person or entity sees ONLY in black and white and therefore is very limiting in scope {creativity, thinking, imagining, constructing, controlling, perceiving, being, doing, having, differentiating, and living in general.}

Even as man thinks in terms of two, So, the universe is structured the same way.

It is two terminal and this is where we get our dualistic or relative thinking from.

The Universe is made up of Energy. Space and Matter represents FORM. Time and Energy represents

FORCE.

The Space-Time Continuum is nothing more than Energy and Matter is a beautiful Play of Life.

FORCE and FORM can also be seen as Patterns {Form} and Waves {Force}. Vibrations and Tones.

The Absolute Mind is the MasterMind.

The Relative mind the slave mind.

SECRETS OF THE UNIVERSE REVEALED

You don't have to know nuclear science to know the basic design of the universe we all live in. Without The Life Force, The Universe is

made up of Space, Time, Energy, and Matter {STEM}.
Mind is not in the equation yet.
And in some cases, never have been.
The Life-force, also known as The Superior Energy is quite different in nature than Physical Energy and Psychic Energy.
Just as anti-mater is such a finer grade of energy than the physical and psychic worlds.
Man lives in a completely 'ENERGIZED' Universe.
To KNOW that the Universe is POWERED by GOD, and YOU are this GOD that EMPOWERS this

universe,

IS The Secret of the Universe.

THIS IS THE SECRET OF LIFE.

OF ALL LIFE.

To say ‘God is man’ is quite different than saying ‘Man is God’. It is the direction of ‘energy flow’ that makes a man or woman a ‘god'. The concept of The Son and Daughters of Gods is that we are all ‘little’ {micro} gods to The One {MACRO} Big God. We are all citizens of the Universe. God is in man as his Supersoul and soul.

When man discovers this he realizes that he is a Paragon/Denizen.

Every man and woman is an 'expansion of God' in the Universe, knowingly, or not.

THE FALLACY OF BELIEVING

"There is a way which seems right to man, but its end is The Way of Death."

-Proverbs 14:12

"In my life of pleasure I seem to be looking in the wrong."

Belief is one of the most wonderful things the mind can utilize in bringing about its desires and needs. Yet.

The Master of Dualism KNOWS that

belief is not a CAUSE, and has absolutely nothing to do with Intelligence or ‘planned thought’.
Believing is one of the most misunderstood and misused words of all time.
Like the word ‘faith’, these two words have caused more private hells and mental misery than any war has.
BELIEVING IS NOT KNOWING.
KNOWING IS NOT BELIEVING.
Knowing and Understanding is the CAUSE of believing and not the other way around.
To say the earth circles the sun is one thing.

To say the sun is a circle in the earth is another.

You see the trouble with 'believing' is that it detours what you KNOW and UNDERSTAND. You 'believe' God created out of 'nothing', and this would be the 'void' of space, and the so-called 'emptiness' inside.

Now, these are APPEARANCES AND NOT ACTUALITIES.

This is covered in The Anti-mater Principle. But for now I wish to make it clear that 'believing' will not save you.

{Believing is actually a psychic tool we used as kids to play and imagine being adults, superheroes, and heroes, the bad guy,

masterminds, aliens, businessmen, fathers , mothers, and a host of the like. The reason the church employs it is because it 'keeps' us like children, ie: the children of God. MetaPsychics think we need more 'Adults' of God. Adults of God can have just as much fun as 'children of God', but far, far more expansive and varied.}

ONLY what you KNOW, UNDERSTAND, and can USE in your life can save you.

As it has saved every man and woman and child, either directly or indirectly.

It is OK to 'believe'.

But it is better to KNOW and to KNOW with UNDERSTANDING..

or

NOT BELIEVE!

For the Spiritual Being {SP} is 'perfect understanding' that bring peace no conflict can afflict.

"YOUR MIND WILL BELIEVE {ANYTHING and EVERYTHING}...BUT IT WILL ONLY TRUST WHAT YOU KNOW AND UNDERSTAND."

THE MEANING AND PURPOSE OF LIFE

The Meaning and Purpose of Life is to SURVIVE.

"THE DIVINE WILL IS TO SURVIVE AND SURVIVE GOOD."

If you really love somebody, and it matters not who it is, or,

what it is, you merely want that person to survive.

To continue to exist.

To continue to persist.

Basically that is all there is to Unconditional Love.

Love involves more like the ‘psychic and/or physical care’ of another body.

Private Love involves sex and other secrets that you are allowed to have and ‘act out’.

But The First Law of the Jungle and the Last Law of Man is:

SELF-PRESERVATION.

If you don’t look out for yourself, no

one else will,
except those who wish to control or use you.
Self-preservation is not SELFISH but NECESSARY.
All LIFE is surviving or trying to survive.
One must first KNOW how to survive, in order to
UNDERSTAND
HOW
TO
USE
HIS MIND
TO
LIVE LIFE.

THE MARGIN OF SURVIVAL {Safety}

The Reason for METAPSYCHICS is for man to survive
and to survive happily.
For what is Life if you cannot be happy in it?
The Purpose of METAPSYCHICS is the creation of the functioning Paragon and/or Denizen.
Our Motto is:
“HELPING OTHERS, HELP THEMSELVES.”
If a person is to remain alive, he has got to have not only enough resources to survive,

He needs MORE than enough resources to survive.
Spirit is LIFE, not death!
And then you need
Air, followed by Water, and
Food or Shelter.
{Clothing is also a shelter for the body.}

MAJOR ANGLES AND AXIOMS OF METAPSYCHICS

The Major axioms and maxims of MetaPsychics are contained in the book S.O.S. {Science Of Spirit}.
It is the forerunner of MetaPsychics

and contains over 500 axioms on man, life, and spirit.

Axiom One:

God exists or doesn't exist depends on how you define the word God.

Axiom Two:

You are a Spiritual Being and therefore responsible for your life, past, present, and future.

Axiom Three:

Religious people believe in myths and fables. Spiritual Beings{SP} KNOW the TRUTH about Spirit and Life.

Axiom Four:

As a Spiritual Being {SP} you are greater than life.

Axiom Five:

As a Spiritual Being {SP} you are the SOURCE of all that is in your life.

Axiom Six:

Caring is good. But doing something about it is better.

Axiom Seven:

True salvation is discovering who and what you really are.

Axiom Eight:

A Spiritual Being has no need for a savior.

Axiom Nine:

The seeking of true happiness is the discovery of your original nature.

Axiom Ten:

You don’t have to be anything or anyone

To be what you truly are.

First you have The SUPERSOUL or Isvar.

Next you have the individual Soul or Jiva.

Next there is God’s Energy in and around you called Paramatma or The Qi.

And you have Time which is Infinite.

The state above this would be ‘a timeless place or altitude’.

And lastly you have karma which is the only one that is NOT eternal.

The SUPERSOUL, soul and Qi

makeup The Superior Energy, and the Qi contains the two different forces and creates ‘forms’ out of inferior energies.

MetaPsychics is the Ultimate Ground of Reality for it opens up a Transcendental Reality that is the source of all realities real or false {make-believe}.

The Ultimate Ground of Reality puts all men on equal footing.

It is Playground of the Mind and Spiritual Being.

It is Ground Zero from which all creation is started, maintained, and finally destroyed.

God is no respecter of persons when it comes to sex. Your sexual orientation has NOTHING to do with your spirituality, even as the

APPENDIX

METAPSYCHICS CODE OF ETHICS

One of the biggest problems man has is not knowing the difference between the words “Justice”, “Morals”, and “Ethics”. They are not the same beast. In short.

Morals are laws imposed on you.

Ethics are laws you imposed on yourself as in self discipline.

Justice are the actions taken by other to impede or stop the actions of someone who cannot adopt a ‘moral standard’, and cannot keep his own ‘ethics’ in.

Movies are funny, no one wants real Justice, unless you have been wrongfully harmed. Then one wants Justice on the 'other' guy.

One of the proven points of a man's sanity is the fact he can differentiate between things that are similar and dissimilar.

In order to understand ETHICS, one must know what they are not.

MORALS can be defined as 'that which is enforced'. Enforced Law.

Other's opinions of right and wrong forced on you as a child or elsewhere in your life. Sunday school, {for parents too lazy to teach their own

kids what is right and wrong in the world today, but more importantly, teach them the consequences of all actions, inactions or reactions.} is a prime example of this.

ETHICS is doing good for Goodness Sake.

It is DOING and BEING good because you WANT TO, NOT because you HAVE TO.

It does not matter why you want to be good, it could be an inherited gene for all we know, it is being GOOD, because you have accepted this as your normal or natural nature.

It is a conscious decision to 'be' and

‘act’

Good to your advantage, not against it.

Morals= Have to.

Ethics= Want to.

Justice= Retribution for not having morals or ethics.

Therefore the following Code cannot be enforced, and will not be enforced by MetaPsychics or it would become a Moral Code.

However, if you would be an ethical Paragon or Denizen the following Ethics Code is for your Edification, Education, Enhancement, and Entertainment.

METAPSYCHICS ETHICS CODE

1. **Love, Respect, and Treat your body well.**
2. **Treat others with respect unless circumstances deem otherwise.**
3. **Honor your parents if they are deserving of honor.**
4. **Love and Respect Children, Yourself and Others.**
5. **Be worthy of Trust and Honesty {and Truth}.**
6. **Do not murder.**
7. **Do not steal.**
8. **Be professional, productive, and competent.**

9. **Protect and safeguard your Universe, world , environment, body and mind.**

Don’t forget:

“He who does not rule himself, shall be ruled by others.”

THE CREED OF THE FOUNDATION OF METAPSYCHICS

That man has inalienable rights to be human, a freed spirit, Psychic Entity {PE}, and PSI Being.

{A PSI-Being is a Paragon or Denizen who KNOWS and UNDERSTANDS, and USES PSI ENERGY for improving himself and mankind at large.}

Who being having equal Power, to think, speak, demonstrate, and write freely his own opinions and those of others {and rebut them}, regardless of nationality, race, color, creed, or sexual orientation.
Man has a right to be free, intelligent, and happy.
That mankind has inalienable rights to physical, psychic, and spiritual freedom of life and religion, creation, sanity, defense, privacy, and the right to support Governments and Organizations , Churches and Groups which do the most good for the most people, as well as the

individual humans, demigods, spiritual beings, and extraterrestrials alike. God helps those who helps Him.

Man is Divine {Spirit} as well as human {Flesh}.

Man is Force and Form.

The Paragon/Denizen is a functioning Force.

All Power is good. There is no evil force in Nature.

There is no evil force in the Universe.

God made no evil spirits.

{This does not mean that man will not go around 'acting' like evil spirits either out of ignorance or in trying to be the opposite of good. People 'believe' in evil spirit, thus 'evil

spirits' has the appearance of existing..}

Only the mind of man can be made evil and thus man can 'think or 'believe' he is an evil entity {Spirit} and act accordingly.

We endorse no destructive or hate groups.

We do not support war or any irrationality.

Love must be kindled with logic and vice-versa.

God's Power is in man as his Super-soul, soul, and soul's abilities {energy}.

God forbids and hinders the endangerment, enslavement, and destruction of other Spiritual Beings

atma's, tazus, thetans, paragons,denizens, ect.

{Spiritual Beings {SP's} can die when they want to, where they want to, how they want to at any time or space. They also can feign 'death' KNOWING they cannot really die being made up of an Eternal Nature.}

The Universal Brotherhood of Mankind can and will save and heal the mind body, and earthsphere.

And by working together, we WILL survive, along with the best and the rest of mankind.

That no Agency less than God can revoke these rights.

{The word 'man' means the 'individual', and 'mankind' means

every man, woman, and child as a whole.}

THE TRUTH OF A PARAGON

A Paragon is the MetaPsychics name for a Spiritual Being {SP}, which man is, in essence.

The Paragon is the Invisible part of man.

A Paragon/Denizen has no wavelength.

No mass. No motion or purpose except the one you give it.

In its original nature the Spiritual Being {SP} has no color black or white, or any other hue light or dark.

All souls in essence, are clear. All souls are 'cleared'. All souls are pure.
AT ONE TIME ALL SOULS WERE PSYCHICALLY-CLEARED.
The most superior beingness cannot be of any color being the SOURCE of all colors.
There is no such thing as a 'colored soul or spirit'.
ALL SOULS ARE ETERNAL POWERFUL AND CLEAR.
Now, a Paragon/Denizen is a specialized Spiritual Being.
He is nice, enlightened, and educated in The Technology, Science, and

Philosophy of METAPSYCHICS.

We are specific in our communications, seeing ‘truth’, ‘as it is’, as telling the difference between a ‘lie’ {illusions}, and what is ‘true’ {Reality}.

We share the good news more than bad news, and bad news only with a solution to that bad news.

We are ethical, knowing good and bad, right or wrong, beauty or ugliness, are basically opinions.

We are honest and worthy of trust.

We do not steal, kill, or deal in deceit.

We do not destroy, steal, or murder other people’s properties, bodies, or

minds.

We vow to be better and do good {and better} for mankind, not worst or devise new ways of punishment for him or her.

{Though mankind asks for it everyday.}

We bear no false witness. We make clear who is responsible, so that innocent people are not falsely blamed, targeted, or harmed.

We lead creative, industrious, productive lives and adhere to our productions unto completion.

We detest any suppressive, destructive, or hate organizations or

groups, and do not endorse or support them.
However, WE DO SUPPORT any group or organization of a construction nature, doing the most good for the individual as well as a group, or city, nation, country, or the world at large.
We don't lie KNOWING truth from fantasy, {Unless necessary.} He who cannot lie does not know the TRUTH.
We are not habitual or chronic liars. We are direct with ourselves {The Inner Circle, or Hub}, but indirect with all others {Outsiders or Those

Without!}.

We ‘think’ for ourselves as ‘freed spirits’, knowing that we have The Power of the Cosmos to understand and use at our discretion.

And we can know, Understand, and Use this Power as PSI, Psychic, and Physical Energy.

We are an Effective Cause over Space, Time, Energy, Matter and Mind {mind}.

THE TRUTH ABOUT THE HUMAN SPIRIT {SOUL}

“GOD IS SPIRIT AND SPIRIT IS

LIFE.”

There is no such thing as a ‘colored spirit’.

All ‘soul’s rather in man, animal, plant or mineral are ‘colorless’.

The soul can not be black, white, yellow, or brown. Not pink, or off-white, or near-black.

ALL SPIRITS ARE CLEAR AND INVISIBLE. ALL SOULS ARE MALE AND FEMALE UNTIL TRANSCENDED.

ONLY THE TRANSCENDENT SOUL IS ONE.

AND THIS IS CALLED KRISHNALOKA OF OLD.

AND HEAVEN OF THE PRESENT.

AND THE KINGDOM OF GOD OR THE ETERNAL .

Spirit has no wavelength or mass.

NO FORCE OR FORM.

It cannot contain ANY COLOR of ANY KIND, FOR IT IS COLORLESS and ODORLESS.

SOUL is MASCULINE and FEMININE, AND THE "SUM" OF THESE TWO.

IT IS INSIDE AND OUTSIDE THE BODY.

{Inside the body the 'soul' is called the 'Light-body'. Outside the body it is called your 'Aura'.}

THE SOUL is BOTH VISIBLE and INVISIBLE.

{The visible part of your 'soul' is of course your physical body {STEMm}.

The Invisible part of your soul is your aura, light-body, mind, communication system, intelligence, emotions, senses, true ego, Transcendental Technology, Psi-precepts, PSI-40, plus The Divine Usufruct, to name a few of the attributes and abilities of the Paragon/Denizen.}

All men are Spiritual Beings {SP's}, And all Spiritual Beings are CLEAR.

You have

SPIRITUAL BEINGS {SP's}.

PSYCHIC ENTITIES {PE's}.

GENERIC ENTITIES {GE's}.

Of the three,

The SPIRITUAL BEING{SP} is Senior.

A PSI BEING IS NOTHING MORE THAN A TRAINED SPIRITUAL BEING {SP}.

He is also a TRANCENDENTAL BEING or ANTI-MATER BEING that cannot be destroyed or created but undone and recreated at will.

"Remember, my Spiritual Friend, the Spirit should be subject to you, not you to the Spirit."
